

HUMAN PEDIGREES

By studying a human pedigree, you can determine whether a trait is dominant or recessive. To interpret the three pedigrees below, use the same key shown at the right. Of course, the individual with the trait could be homozygous dominant or heterozygous dominant.

A. The pedigree shows the inheritance of attached earlobes for four generations.

Is the trait for attached earlobes, versus free earlobes, dominant or recessive?

_____ How do you know? _____

B. The pedigree shows the inheritance of tongue rolling.

Is this trait dominant or recessive? _____ Explain. _____

C. This pedigree shows the inheritance of colorblindness, a sex-linked trait.

Is this trait dominant or recessive? _____ Is the mother of the colorblind girl in the F₃ generation colorblind, a carrier, or a person with normal color vision?

_____ Explain. _____

Cognitive Therapy in Groups Michael L. Free,2007-02-06 The second edition of Cognitive Therapy in Groups by Michael Free has been completely rewritten as a 25 session structured programme of cognitive therapy in five modules It is designed in an easy to present psycho educational format that is intended for groups but can also be used with individuals It is sufficiently flexible for clinicians to use and adapt the resources for their own practice and sufficiently specific to be used verbatim with a wide range of people suffering from emotional and behavioural problems Web based support resources include assessment tools handouts and PowerPoint slides *Investigating Animal Abuse Crime Scenes* Virginia M. Maxwell,Martha Smith-Blackmore,2023-07-18 Animal abuse is well established as a gateway crime linked to other forms of antisocial behaviors and broader criminal violence Increased awareness of the link between animal abuse and criminal behavior has led many states to mandate cross reporting between agencies overseeing the welfare of families and of animals Investigating Animal Abuse Crime Scenes A Field Guide is designed for first responders such as animal control officers and police officers as well as forensic scientists and other criminal justice professionals who are tasked with processing and analyzing animal crime scenes and evidence The book serves equally as a useful resource for those in the field and laboratory in addition to those professionals who are further along in the investigative and judicial process The book addresses the key

areas that must be considered in a thorough investigation of an animal abuse crime This starts with general crime scene procedures that include securing and releasing the scene search and seizure issues chain of custody documentation searching for evidence and the use of enhancement technologies While many readers may already be familiar with such concepts they are addressed in the context of unique factors relating to animals and animal abuse cases The book then addresses the recognition collection and preservation of different types of evidence that may be located at animal abuse scenes with examples of the most important evidence for specific case types The critical role of the veterinarian and the key aspects of veterinary forensic medicine receives in depth consideration This includes issues such as examining animal victims of crime determining cause of injury or death through the forensic clinical exam or necropsy and techniques for evidence documentation collection and preservation The physical and emotional abuse of animals is outlined throughout a series of chapters focused on specific types of animal abuse Finally report writing and testimony from the perspectives of both the crime scene investigator and forensic veterinarian are addressed Further three appendices provide useful checklists and templates for all animal abuse crime scene responders and veterinarians Investigating Animal Abuse Crime Scenes fills the growing need for a handy comprehensive field reference that specifically focuses on the crime scene processing investigation analysis of evidence and the subsequent adjudication of animal abuse cases within the court system
