

CHIEF MARKER'S REPORT

SUBJECT:	SESOTHO HOME LANGUAGE P2
-----------------	---------------------------------

1. ANALYSIS OF QUESTION BY QUESTION PERFORMANCE

QUESTION 1

- 1.1 The question was an essay type of question that sought to assess the candidates' knowledge of literary devices as applied to a poem. They were required to identify literary devices in the poem extract and to further state the function of such a device in the poem. It was a choice question from the prescribed list.
- 1.2 It is relevant in that it forms the main thrust of LO 2, LO 3 and LO 4, together with AS's. Performance in this question was by and large not good.
- 1.3
- Firstly, the candidates missed the essay structure and write in the form of points that were mostly not well executed, whilst further omitting to state the function of a particular device. Most of those who attempted the question failed to give examples of relevant lines from the poem.
 - Secondly, some candidates seemed to confuse "phetapheto ya mantswe" and "phetapheto ya moelelo". The same occurred with "phetamota" which can be roughly translated as a refrain – which differs completely from the other two in that it refers to a repetitive use of a certain poetic line which may occur either at the beginning of each stanza or at the end of every stanza. Well, there were instances where some candidates seemed to have been intensively taught/trained in the application of literary devices in general.
 - Thirdly, devices that were the same but occurring in different lines were not grouped together in line with the **structuralist** view of literary critique.
 - Lastly, some candidates failed to score marks because instead of supplying the devices they gave themes, content and lessons/morals of the poem in their responses.

Volume 1 Translations of the Bible take place in the midst of tension between politics ideology and power With the theological authority of the book as God's Word not focusing on the process of translating is stating the obvious Inclinations fluency and zeitgeist play as serious a role as translators person faith and worldview as do their vocabulary poetics and linguistic capacity History has seen countless retranslations of the Bible What are the considerations according to which Biblical retranslations are being produced in current 21st century contexts From retranslations of the Hebrew Bible to those of the Old and New Testaments to mutual influences of Christian and Jewish translational traditions the papers collected here all deal with the question of what is to be re gained with the production of a new translation where at times many a previous one has already existed Volume 2 Times are changing and with them the norms and notions of correctness Despite a wide spread belief that the Bible as a sacred original only allows one translation if any new translations are constantly produced and published for all kinds of audiences and purposes The various paradigms marked by the theological political and historical correctness of the time group and identity and bound to certain ethics and axiomatic norms are reflected in almost every current translation project Like its predecessor the current volume brings together scholars working at the intersection of Translation Studies Bible Studies and Theology all of which share a special point of interest concerning the status of the Scriptures as texts fundamentally based on the act of translation and its recurring character It aims to breathe new life into Bible translation studies unlock new perspectives and vistas of the field and present a bigger picture of how Bible re translation works in society today Resources in Education, 1997 **[Re]Gained in Translation II** Sabine
