Even if you manage to get backing you want your VC to be a partner not some adversary who will undermine your vision in order to make a quick return Jeffrey Busgang is one of a few people who have played on both sides of this high stakes game By his early thirties he had helped build two successful start ups one went public the other was acquired Now he draws on his experience and unique perspective on the other side as a venture capitalist helping entrepreneurs bring their dreams to fruition Busgang offers detailed insights colorful stories and practical advice gathered from his own experience as well as from interviews with dozens of the most successful players on both sides of the game including Twitter's Jack Dorsey and LinkedIn's Reid Hoffman He reveals how to get noticed perfect a pitch and negotiate a partnership that works for everyone An insider's guide to the secrets of the world venture capital Mastering the VC Game will prove invaluable for entrepreneurs seeking capital and successful partnerships

Communication Law in America Paul Siegel, 2014-03-27 Communication Law in America is a comprehensive easy to follow overview of the complicated ways in which U S law determines who may say what to and about whom It covers the usual content libel invasion of privacy copyright and trademark access to government information advertising electronic media all the while giving readers a sense of how and why this country has come to weigh freedom of speech above competing freedoms far more often than in other Western democracies This fourth edition of the well received text boasts over 300 new citations including discussion of a dozen U S Supreme Court decisions handed down since the previous edition The nearly 200 still photos and over 80 videos on the author maintained website generally not images of litigants but of the actual artifacts TV and movie scenes advertisements news reports that led to the law suits have always represented dramatic added value to students and professors alike The new edition includes 35 new visual elements including 20 videos The text also offers a new section on how the First Amendment applies to special populations including students government employees in general and the military in particular

Age of Revolutions Fareed Zakaria, 2024-03-26 A New York Times Bestseller A Wall Street Journal Best Book of 2024 The CNN host and best selling author explores the revolutions past and present that define the polarized and unstable age in which we live Populist rage ideological fracture economic and technological shocks war and an international system studded with catastrophic risk the early decades of the twenty first century may be the most revolutionary period in modern history But it is not the first Humans have lived and thrived through more than one great realignment What are these revolutions and how can they help us to understand our fraught world In this major work Fareed Zakaria masterfully investigates the eras and movements that have shaken norms while shaping the modern world Three such periods hold profound lessons for today First in the seventeenth century Netherlands a fascinating series of transformations made that tiny land the richest in the world and created politics as we know it today Next the French Revolution an explosive era that devoured its ideological children and left a bloody legacy that haunts us today Finally the mother of all revolutions the Industrial Revolution which catapulted Great Britain and the US to global dominance and created the modern world Alongside these paradigm shifting historical

events Zakaria probes four present day revolutions globalization technology identity and geopolitics For all their benefits the globalization and technology revolutions have produced profound disruptions and pervasive anxiety and our identity And increasingly identity is the battlefield on which the twenty first century s polarized politics are fought All this is set against a geopolitical revolution as great as the one that catapulted the United States to world power in the late nineteenth century Now we are entering a world in which the US is no longer the dominant power As we find ourselves at the nexus of four seismic revolutions we can easily imagine a dark future But Zakaria proves that pessimism is premature If we act wisely the liberal international order can be revived and populism relegated to the ash heap of history As few public intellectuals can Zakaria combines intellectual range deep historical insight and uncanny prescience to once again reframe and illuminate our turbulent present His bold compelling arguments make this book essential reading in our age of revolutions **LGBT Youth**
