Who's Crazy Anyway Joan Mazza, 2000-05 WHO S CRAZY ANYWAY Therapist Joan Mazza lets you decide. This extremely useful guide to therapy grew out of Joan Mazza's experience as both a patient in therapy as well as years as a practicing therapist. Using what she learned she has written a practical easy to read book designed to help readers make informed wise decisions when seeking the help they need. The book is written in user friendly sound bites. Each topic covered has a brief explanation and in some cases examples. As new concepts and techniques in the mental health field are being developed by pioneering and innovative therapists all the time it is impossible to list all the therapy models and techniques available today. Still Joan Mazza covers the main schools of thought and practice as well as many non traditional methods. An extensive bibliography recommends other books for study in those areas where readers may wish to seek further more extensive coverage. When practiced responsibly ethically and with caution psychotherapy has a lot to offer people in distress. This book encourages readers to think critically about their problems and how they can be resolved. It suggests the types of help to pursue and urges patients to be good consumers willing to evaluate services received as they proceed. Who's Crazy Anyway suggests questions for readers to ask themselves and their therapist. Joan Mazza contends that you know what's best for you and this book is a good place to begin.

The Message of the Rainsnow J. Rainsnow, 2002-02-05 THE MESSAGE OF RAINSNOW a book which stands by itself is the inspirational and practical sequel to THE JOURNEY OF RAINSNOW. While the first book presented an esoteric chronicle filled with insights for our times THE MESSAGE OF RAINSNOW crystallizes the unfolding consciousness of THE JOURNEY into a pragmatic blueprint for achieving global transformation. As many other books it upholds the values of community spirituality and respect for nature seeing in these elements the pillars of our collective salvation. Unlike other books however this one seeks not only to promote these invaluable ideals but to build a concrete bridge from where we are now to where we must go to the new world of the future in which these cherished but distant ideals will finally become reality. Most importantly of all THE MESSAGE OF RAINSNOW seeks to awaken and to create the living people who will become the embodiment of these indispensable ideals the advanced guard of our world's march to life. It is a journey and a privilege which begins by reading this book.
