1. Describe two difficult incidents or challenging situations that you experienced during your internship. The difficult challenging situations that I have experienced during the internship were at the Veranda restaurant and the Learning and development office. Firstly, I have difficulty to adapt myself from an undergraduate into the professional commis at the world top five star hotel's, to be worked the Veranda restaurant.

I need to learn and memorise the restaurant's menus, name of the cutlery that I haven't been using before, to get to know all the employees and trainees, learn new manners and how should we deal with each of our guest and approach to our guest and also living in the Bangkok city which have one of the most difficult transportation.

Secondly, the difficulty in the Learning and development (L&D) office is that the during the time that I've work is the low season in Bangkok which it is a good opportunity for the hotel and the L&D department to train and set big events for the staff such as the Walk Rally and L&D workshop in order to strengthen the relationship between co-workers and develop professional skills. L&D department have to contact many other departments within the hotel in order to get in touch with each employees.

During the April, the Mandarin Oriental Hotel Group has choosed Mandarin Oriental Bangkok to run the L&D workshop conference which more than 20 of the L&D managers of Mandarin Oriental Hotel around the globe will come to the hotel to have conference for a week and during those time our department's job were to set the delight events to welcome the managers and run the workshop. 2. Explain how you dealt with these situations and the impact your actions had on the other parties (customers, line managers, colleagues...) After a period of 2 first weeks, I have settled myself in an adaptation environment very well.

The assistance from co-worker have aid me to go through the challenge without a doubt. I get to know every staffs willingly, we play soccer every weekend. The chiefs have given me a lot of great guidance in term of servicing each guest. The manager has taught and inspire us to work. Overall the professional environment in the restaurant has automatically turned me into one of the professional. Every problem has been solved by the guidance and the training by the management team and the managers.

Due to the small number of employees in L&D department, I get to know and close to each staff member very easily. Our team have a great team work, my trainer trained and taught me very well which allow me to get the job done very fast and efficient. The L&D team including me and other department within the hotel have put in large amount of effort to plan, set and run this big event. We have worked overtime to get the plan done before the workshop started. It is very fun to work and to get such sastisfaction from the L&D
