Intervista Sul Fascismo:

Intervista sul fascismo Renzo De Felice, 1997 *Renzo De Felice, studi e testimonianze* Luigi Goglia, Renato Moro, Fiorenza Fiorentino, **Intervista sul fascismo** Renzo De Felice, 1975 **Roads and Ruins** Paul Baxa, 2010-01-01 In the 1930s the Italian Fascist regime profoundly changed the landscape of Rome's historic centre demolishing buildings and displacing thousands of Romans in order to display the ruins of the pre-Christian Roman Empire. This transformation is commonly interpreted as a failed attempt to harmonize urban planning with Fascism's ideological exaltation of the Roman Empire. Roads and Ruins argues that the chaotic Fascist cityscape filled with traffic and crumbling ruins was in fact a reflection of the landscape of the First World War. In the radical interwar transformation of Roman space Paul Baxa finds the embodiment of the Fascist exaltation of speed and destruction with both roads and ruins defining the cultural impulses at the heart of the movement. Drawing on a wide variety of sources including war diaries, memoirs, paintings, films, and government archives Roads and Ruins is a richly textured study that offers an original perspective on a well-known story. *The Vatican and Italian Fascism, 1929-32* John F. Pollard, 2005-11-17 This book examines the relations between the Vatican and the Fascist regime in Italy during the period 1929-1932. The author sets out what he believes to be the long-term consequences of the 1931 crisis and in so doing challenges a number of previously accepted interpretations. *Marxist Historical Cultures and Social Movements during the Cold War* Stefan Berger, Christoph Cornelissen, 2019-08-21 This book explores the relationship between diverse social movements and Marxist historical cultures during the second half of the twentieth century in Western Europe with special emphasis on the Federal Republic of Germany and Italy. During the Cold War Marxist ideas and understandings of history informed not only the traditional Communist Parties in Western Europe but also influenced a range of new social movements that emerged in the 1970s in the wake of the 1968 student rebellions. The generation of 1968 was strongly influenced by neo-Marxist ideas that they subsequently carried into the new social movements. The volume asks how Marxist historical cultures influenced third-world movements, anti-fascist movements, the peace movement, and a whole host of other new social movements that signaled a new vibrancy of civil society in Western Europe from the 1970s onwards. **George L. Mosse's Italy** L. Benadusi, G. Caravale, 2014-09-10 Twelve years have gone by since the passing of George L. Mosse yet his work still provides essential tools for historical analysis and influences contemporary research. This volume provides a re-examination of his historiographical production and an analysis of his influence in the context of Italian history. *Grover Cleveland's New Foreign Policy* N. Cleaver, 2014-10-23 Whereas the Spanish American War has long been studied as a turning point in American history Grover Cleveland's foreign policy Nick Cleaver's study illuminates the dynamism and ideals of Cleveland's diplomatic moment revealing their continuities with the engagement and expansionism of the McKinley presidency. [The Many Faces of Clio](#) Q. Edward Wang, Franz L. Fillafer, Georg G. Iggers, 2007 Born in Germany Georg Iggers escaped from Nazism to the United States in his adolescence.

where he became one of the most distinguished scholars of European intellectual history and the history of historiography. In his lectures delivered all over the world and in his numerous books translated into many languages Georg Iggers has reshaped historiography and indefatigably promoted cross cultural dialogue. This volume reflects the profound impact of his oeuvre. Among the contributors are leading intellectual historians but also younger scholars who explore the various cultural contexts of modern historiography focusing on changes of European and American scholarship as well as non Western historical writing in relation to developments in the West. Addressing these changes from a transnational perspective this well rounded volume offers an excellent introduction to the field which will be of interest to both established historians and graduate students.

The Conditions of Democracy in Europe 1919-39 D. Berg-Schlosser, J. Mitchell, 2016-01-08 Why did democracy survive in some European countries between the wars while fascism or authoritarianism emerged elsewhere? This innovative study approaches this question through the comparative analysis of the inter war experience of eighteen countries within a common comprehensive analytical framework. It combines social and economic structure and political actor related aspects to provide detailed historical accounts of each case which serve as background information for the systematic testing of major theories of fascism and democracy.

Rethinking Antifascism Hugo García, Mercedes Yusta, Xavier Tabet, Cristina Clímaco, 2016-06-01 Bringing together leading scholars from a range of nations *Rethinking Antifascism* provides a fascinating exploration of one of the most vibrant sub disciplines within recent historiography. Through case studies that exemplify the field's breadth and sophistication it examines antifascism in two distinct realms: after surveying the movement's remarkable diversity across nations and political cultures up to 1945 the volume assesses its postwar political and ideological salience from its incorporation into Soviet state doctrine to its radical questioning by historians and politicians. Avoiding both heroic narratives and reflexive revisionism these contributions offer nuanced perspectives on a movement that helped to shape the postwar world.

Fascism, Totalitarianism and Political Religion Roger Griffin, 2013-09-13 9 11 and its aftermath demonstrate the urgent need for political scientists and historians to unravel the tangled relationship of secular ideologies and organized religions to political fanaticism. This major new volume uses a series of case studies by world experts to further our understanding of these complex issues. They examine the connections between fascism, political religion and totalitarianism by exploring two inter war fascist regimes, two abortive European movements and two post war American extreme right wing movements with contrasting religious components. A highlight of this collection is a fresh article from Emilio Gentile, recently awarded an international prize for his contributions to our appreciation of the central role played by political religion in the modern age. This is preceded by an editorial essay by Roger Griffin, one of fascist studies most original thinkers. Alongside these contributions the reader is presented with a wealth of work that redefines the complex concept of totalitarian movement and our understanding of generic Fascism. Taken as a whole it comprehensively analyses the links between particular totalitarian movements and regimes and the concrete

historical phenomena produced in the light of current radical theories of fascism totalitarianism and political religion This book will be of great interest to all students and scholars of international relations politics and contemporary history This volume was previously published as a special issue of the journal Totalitarian Movements and Political Religions **The Right and the Nation** Toni Morant i Ariño, Julián Sanz, Ismael Saz, 2023-09-12 This book explores the influence of right wing political cultures including conservatism political Catholicism reactionary nationalism and fascism on nation building processes and the creation of national identities in modern times The chapters extend the focus of analysis across the different cultures and movements of the Right their broad geographical spread as well as cultural factors Adopting a transnational perspective this volume highlights the significance of a series of processes such as the growth of nationalist imaginaries and political cultures that extended beyond national boundaries and were often articulated via cross border dynamics Special attention is paid to the political cultures and transnational networks of the Right in Europe and Latin America Case studies including countries such as Spain France Italy Portugal Brazil and Argentina provide the reader with a broad overview of the circulation of right wing and conservative thinking Through an innovative approach this volume offers scholars students and the interested reader a valuable historical perspective to understand the development and expansion of right wing nationalist and authoritarian positions Explaining Auschwitz and Hiroshima Richard J. Transitional Justice Neil J. Kritz, 1995 KGB Files and Agents **Fascism** Renzo De Felice, 2017-07-05 For Italian intellectuals the terms fascist and antifascist continue to be the hard currency of contemporary political debate to the point that if you are not one you must be the other When professor Renzo de Felice suggests that fascism describes a moment in the Italian past and only that he is challenging the very heart of current orthodoxy The nature of his analysis of the recent Italian past is itself at odds with the traditional version and represents a radical departure from conventional wisdom De Felice's ideas about fascism have a broad significance quite apart from their importance in the contemporary Italian scene Perhaps no one knows as much about fascism and no one has given the subject such a rigorous historical analysis *A History of Fascism, 1914-1945* Stanley G. Payne, 1996-07-15 A History of Fascism is an invaluable sourcebook offering a rare combination of detailed information and thoughtful analysis It is a masterpiece of comparative history for the comparisons enhance our understanding of each part of the whole The term fascist used so freely these days as a pejorative epithet that has nearly lost its meaning is precisely defined carefully applied and skillfully explained The analysis effectively restores the

dimension of evil Susan Zuccotti *The Nation* A magisterial wholly accessible engaging study Payne defines fascism as a form of ultranationalism espousing a myth of national rebirth and marked by extreme elitism mobilization of the masses exaltation of hierarchy and subordination oppression of women and an embrace of violence and war as virtues *Publishers Weekly*

The Historical Uncanny Susanne C. Knittel, 2014-12-15 *The Historical Uncanny* explores how certain memories become inscribed into the heritage of a country or region while others are suppressed or forgotten In response to the erasure of historical memories that discomfit a public's self understanding this book proposes the historical uncanny as that which resists reification precisely because it cannot be assimilated to dominant discourses of commemoration Focusing on the problems of representation and reception the book explores memorials for two marginalized aspects of Holocaust the Nazi euthanasia program directed against the mentally ill and disabled and the Fascist persecution of Slovenes Croats and Jews in and around Trieste Reading these memorials together with literary and artistic texts Knittel redefines sites of memory as assemblages of cultural artifacts and discourses that accumulate over time they emerge as a physical and a cultural space that is continually redefined rewritten and re-presented In bringing perspectives from disability studies and postcolonialism to the question of memory Knittel unsettles our understanding of the Holocaust and its place in the culture of contemporary Europe

Intervista Sul Fascismo Introduction

In the digital age, access to information has become easier than ever before. The ability to download Intervista Sul Fascismo has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Intervista Sul Fascismo has opened up a world of possibilities. Downloading Intervista Sul Fascismo provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Intervista Sul Fascismo has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By

offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Intervista Sul Fascismo. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Intervista Sul Fascismo. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Intervista Sul Fascismo, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Intervista Sul Fascismo has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
