Powers of a Mage Oaths from the Past The Void *Across the Void* S.K. Vaughn, 2019-07-02 A visceral space thriller perfect for fans of *Arrival* and *The Martian* following the sole survivor of a catastrophic accident in space that leaves her drifting in the void with only the voice of her estranged husband, a NASA scientist, to guide her back to Earth. Commander Maryam May Knox awakes from a medically induced coma alone adrift in space on a rapidly failing ship with little to no memory of who she is or why she's there. Slowly she pieces together that she's the captain of the ship *Hawking II* that she was bound for Europa, one of Jupiter's moons, on a research mission and that she's the only survivor of either an accident or worse, a deliberate massacre that has decimated her entire crew. With resources running low and her physical strength severely compromised, May must rely on someone back home to help her. The problem is everyone thinks she's dead. Back on Earth, it's been weeks since *Hawking II* has communicated with NASA and Dr. Stephen Knox is on bereavement leave to deal with the apparent death of his estranged wife, whose decision to participate in the Europa mission strained their marriage past the point of no return. But when he gets word that NASA has received a transmission from May, Stephen comes rushing to her aid. What he doesn't know is that not everyone wants May to make it back alive. Even more terrifying, she might not be alone on that ship. Featuring a twisting and suspenseful plot and compelling characters, *Across the Void* is a moving and evocative thriller that you won't be able to put down.

Mystic Apprentice Master Volume Ken Ludden, 2012-02-25 The complete Mystic Apprentice textbook series in one volume.

Journey to the South Michal Ajvaz, 2023-05-02 In a small village on the southern coast of Crete, the narrator meets a young man who tells him a history of his journey which took him from Prague as far as to the Libyan sea. It is a voyage to uncover mysterious deaths of two brothers: one was murdered during the ballet performance, the body of the second one was found by Turkish fishermen at the Asia Minor shores. On the move, the amateur detective is accompanied by one of the brothers' girlfriend. They have to work out a lot of traces, clues, and rebuses, seemingly meaningless clusters of letters in the picture of a Hungarian painter, fragments of words created in the sea by bodies of phosphorescing worms, puzzling shapes of jelly sweets found in a small shop in Croatia, or the plot of an American sci-fi thriller movie which the protagonists watch in the cinema in Rome suburb. Such leads send the heroes from town to town, the plot takes part on night trains and many places in Europe: in Bratislava, Budapest, Lublan, on the islands of Mykonos and Crete. With the search for the murderer of both the brothers, many other stories are interconnected and they take the readers to
