Congress. House, 2003 Some vols include supplemental journals of such proceedings of the sessions as during the time they were depending were ordered to be kept secret and respecting which the injunction of secrecy was afterwards taken off by the order of the House **Prosecution of the President of the United States** H. Lowell Brown, 2021-11-16 This book provides a detailed look at the constitutional historical and political arguments concerning presidential immunity from prosecution as well as the opinions of the Office of Legal Counsel that provided the justification for the decision not to prosecute President Trump Focusing on those opinions the book examines the constitutional basis of presidential immunity both textual and historical as reflected in the deliberations of the 1787 Convention and the ratification debates The opinions are viewed in the context of the criminal investigations of Presidents Nixon and Clinton that gave rise to those opinions as well as the pronouncements of the Supreme Court concerning their claims and those of President Trump to immunity from judicial inquiry Lastly the book analyzes presidential immunity in light of the separation of powers the availability of impeachment and the discordance between presidential immunity and the rule of law The Clinton Presidency and the Constitutional System Rosanna Perotti, 2012-05-01 Presidential scholars former and current policymakers and a former president bring varied insights and analyses to consider the impact influence and legacy of the presidency of William Jefferson Clinton the New Democrat from Hope Arkansas In the eight years between 1993 and 2001 the Clinton White House presided over a booming economy that included a budget surplus in Clinton s second term oversaw the most significant welfare reform since the New Deal and wrestled with the challenge of developing a foreign policy vision for the post Cold War era Structurally the Clinton presidency expanded the office and responsibilities of the

First Lady and the Vice President to an unprecedented degree prevailed in a budget battle with Congress that included two government shutdowns briefly employed a line item veto until the Supreme Court declared that power unconstitutional and endured the second impeachment of the chief executive in American history The evolution and consequences of the increased power held by modern presidents became sharply evident during the Clinton years In The Clinton Presidency and the Constitutional System based on the Eleventh Presidential Conference at Hofstra University readers are afforded a unique combination of scholarly analysis and the perspectives of former administration officials Students and scholars of the presidency will glean important understandings from the balanced judicious studies of the Clinton administration and their juxtaposition with firsthand recollections of some of the participants who defined and shaped those events *White House Studies Compendium* Robert W. Watson,2007 brings together piercing analyses of the American presidency dealing with both current issues and historical events The compendia consists of the combined and rearranged issues of the journal White House Studies with the addition of a comprehensive subject index Preface **The New Broadcasting Realities** Ken Lindner,2011 **The Starr Report** US Department of Justice,Office of Special Counsel,2019-04-25 The Starr Report officially titled the Referral from Independent Counsel Kenneth W Starr in Conformity with the Requirement of Title 28 United States Code Section 595 c was an investigative account of United States President Bill Clinton by Independent Counsel Kenneth Starr and released on September 11 1998 This book contains Volume II the Referral from Independent Counsel Kenneth W Starr House Document No 105 310 Originally dealing with the failed land deal years earlier known as Whitewater in 1994 Starr with the approval of Attorney General of the United States Janet Reno conducted a wide ranging investigation of alleged abuses including the firing of White House travel agents the alleged misuse of FBI files and Clinton s conduct during the sexual harassment lawsuit filed by a former Arkansas government employee Paula Jones In the course of the investigation Linda Tripp provided Starr with taped phone conversations in which Monica Lewinsky a former White House Intern discussed having oral sex with Clinton At the deposition the judge ordered a precise legal definition of the term sexual relations that Clinton claims to have construed to mean only vaginal intercourse A much quoted statement from Clinton s grand jury testimony showed him questioning the precise use of the word is Clinton said It depends on what the meaning of the word is is If the if he if is means is and never has been that is not that is one thing If it means there is none that was a completely true statement After the four year investigation of Clinton the Office of the Independent Counsel delivered its 445 page report to Congress on September 9 1998 Source Wikipedia *Desperately Seeking Ethics* Howard Good,2004-09-08 Trends prevailing in the media suggest a seemingly disintegrating concept of media ethics It is no surprise being ethical is hard work and could very well put a person in conflict with prevailing trends Many of the people cited within the 13 essays of *Desperately Seeking Ethics* illustrate this from Socrates and Martin Luther King Jr who both died for their principles to reporter David Kidwell of the Miami Herald who chose jail over testifying for the prosecution in a murder trial

This is not just another media ethics book Engaging and non conventional it breaks away from the usual text practice of presenting the ethical theories of well known philosophers in watered down form Instead the contributors all of whom teach media ethics select a poem movie song speech or other cultural document analyze it for implied or explicit ethical lessons and then apply the lessons of that work to a specific case that involved controversial media conduct In addition to endnotes each chapter contains questions for discussion and a list of further readings Where possible the contributors have included all or part of the poems speeches and other documents they analyze as sources of ethical instruction and inspiration

Legal History Matters Amanda Whiting,Ann O'Connell,2020-11-03 As a field of study legal history has an unsteady place in Australian law schools yet academic research and writing in the field of legal history and at the intersections of the disciplines of law and history is undergoing something of a renaissance with rich and vibrant new works regularly appearing in specialist journals and scholarly monographs This collection seeks to reinvigorate the study of history within the law school curriculum by showcasing what students of the law can achieve when addressing topics from the use of Magna Carta as history and precedent in sixteenth century England to the political manoeuvres behind the failed impeachment of President Bill Clinton in late twentieth century America they seek to understand legal processes and institutions historically The volume comprises outstanding legal history papers authored by graduate final year JD students in the Melbourne Law School This collection is dedicated to two women who championed the teaching of legal history at the Melbourne Law School in the 1960s Dr Ruth Campbell and Mrs Betty Hayes *The Growth of a Superpower* Britannica Educational Publishing,2012-06-01 So rapid has been the growth of the United States since the mid 20th century and so profound the changes it has experienced that its current superpower status in the world sometimes obscures the radical social political economic and technological transformations it has experienced in that time Although international and domestic challenges from the Cold War to the war on terror to healthcare as well as successes on each front have alternately stunted and accelerated the country s ascent its role in world affairs is undeniable With seminal documents of the each era complementing relevant text this engrossing volume examines the trajectory of American history between the administrations of Harry Truman and Barack Obama and the factors that have shaped and sustained its development The Clinton Charisma Donald T. Phillips,2025-06-25 It is often overlooked but Bill Clinton assumed the presidency in one of the most difficult times in our nation s history The country was in a deep recession the end of the Cold War had created new threats to our national security and our health care system was in shambles The country has now come full circle Leadership has been replaced with self interest cronyism and fear More than ever Bill Clinton s candor and success in adversity warrant revisiting during this age of a closed door administration and governmental incompetence The Clinton Charisma is a fascinating prescriptive guide that reveals the former president s complex leadership techniques including his attention to public opinion his ability to take quick corrective action and his efficient damage control in the face of political and personal

difficulty From diversity to decisiveness from consensus to compromise each chapter explores how Clinton employed important leadership principles and the ways in which they were or were not effective The author asks in the introduction Are there lessons to be learned from his time in office from his damage control strategies from his ability to implement diversity or from his decision making process The answer as Donald T Phillips s The Clinton Charisma makes compellingly clear is yes

An Independent View of the Donald J. Trump Presidency William Smith, 2023-04-26 This book continues the chronological look at the inner workings of our government in the last two years of Donald Trump s administration and the resulting insurrection He has lost the investigative power of the House of Representatives in the midterm election but still controls the Senate under the compliant leadership of Mitch McConnell Now he needs to find a willing Attorney General in order to control the Judiciary Branch He finds that in William Barr President Trump has been emboldened by newly appointed A G Barr with his dismissal of the Special Counsel Robert Mueller investigation With the help of compliant Republicans in Congress he believes that he can do no wrong Unfortunately our deep division in American thinking has been created by individuals and organizations that are using our beloved internet for their own selfish purposes Across this communication highway we have mainstream conservative and social media all vying for our attention Good intentions seem to be overwrought by predatory ambitions This constant stream of sensationalized misinformation has created a storm of hateful division Wayward focus groups are urged to gather together and fight for the causes that they have been directed to believe in the truth be damned What is most frightening about this change in American lifestyle is that the President of the United States is primarily responsible for this deep division Donald Trump is a master manipulator He will do whatever is necessary to obtain control using whomever he can to succeed and punishing all who oppose his ambitions Trump has forever made elaborate and baseless claims about election fraud even after the Electoral College confirmed Joe Biden s victory on December 14 Five days later he tweeted Big protest in DC on January 6th Be there will be wild He then tweeted seven more times calling attention to the event including one on January 1 that included the phrase Stop the Steal In this book I continue my conversations with die hard Trump supporters Unlike his bigoted and brutal MAGA insurrectionists these people are our everyday friends and family What I have learned with these debates is that their beliefs and expressive language mimic those of the numerous hosts of Fox News programming They steadfastly cling to outrageously unbelievable conspiracy theories that are promoted by guests on Fox News and other far right conservative media Read what they have to say and my response then decide for yourself where and why this misinformation is so destructive

The Crisis, 1998-11 The Crisis founded by W E B Du Bois as the official publication of the NAACP is a journal of civil rights history politics and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color For nearly 100 years The Crisis has been the magazine of opinion and thought leaders decision makers peacemakers and justice seekers It has chronicled informed educated entertained and in many instances set the economic

political and social agenda for our nation and its multi ethnic citizens *Siege* Michael Wolff,2019-06-04 Michael Wolff author of the bombshell bestseller *Fire and Fury* once again takes us inside the Trump presidency to reveal a White House under siege Just one year into Donald Trump s term as president Michael Wolff told the electrifying story of a White House consumed by controversy chaos and intense rivalries *Fire and Fury* an instant sensation defined the first phase of the Trump administration now in *Siege* Wolff has written an equally essential and explosive book about a presidency that is under fire from almost every side At the outset of Trump s second year as president his situation is profoundly different No longer tempered by experienced advisers he is more impulsive and volatile than ever But the wheels of justice are inexorably turning Robert Mueller s witch hunt haunts Trump every day and other federal prosecutors are taking a deep dive into his business affairs Many in the political establishment even some members of his own administration have turned on him and are dedicated to bringing him down The Democrats see victory at the polls and perhaps impeachment in front of them Trump meanwhile is certain he is invincible making him all the more exposed and vulnerable Week by week as Trump becomes increasingly erratic the question that lies at the heart of his tenure becomes ever more urgent Will this most abnormal of presidencies at last reach the breaking point and implode Both a riveting narrative and a brilliant front lines report *Siege* provides an alarming and indelible portrait of a president like no other Surrounded by enemies and blind to his peril Trump is a raging self destructive inferno and the most divisive leader in American history
