making noise and understand Ambrose Bierce when he stated Of all noise music is the less offensive I include acoustic and electronic instruments in my discussions of music creation In my world electronics dominate every aspect of work and play and most music I create and listen to was created stored and distributed electronically The art and science of recording is an important study for all 21st century musicians Increased sophistication about the nature of sound the art of combining musical sounds and the effect on the listener s brain are all required for music to advance beyond noise toward a more effective means of human communication Stephen Gislason 2016 Karma Manual Jonn Mumford,2001 Karma Manual Jonn Mumford,1999 Discover the different types of karma and learn how karma is created through simple self exploration exercises Dr Mumford promotes a direct methods for deep frying the karmic seeds in a person s being through the Nine Day Karma Clearing Program
