LEARN TO LOVE YOURSELF ENOUGH ANDREW G. MARSHALL, 2015 Learn to Love Yourself Enough Andrew G. Marshall, 2014-09-09 Create a wealth of self worth In a black and white world there are two types of people those who love themselves too much and walk over everybody else or hate themselves for failing to achieve goals and probably end up being taken advantage of by others But according to British marital therapist Andrew G Marshall neither has a healthy perception of oneself This is because the secret to self esteem does not lie in the extremes of love and hate but in the middle in the gray area that teaches us to love ourselves just enough enough to have love to offer others enough to be open to receive love from others Only when this kind of balance is created can self love exist Like no other book on self esteem ever written Learn to Love Yourself Enough helps readers walk through life on middle ground by revealing the seven factors that together add up to a wealth of self worth Examine your relationship with your parents Discover the six types of child parent relationships and how to accept the legacy of your past Find Forgiveness Debunk the two myths about forgiveness and discover what can be gained from negative experiences Don't let other people put you down Recognize the five phases of projection and how understanding our own projections lead to better and happy relationships Re program your inner voice Identify the three kinds of negative thinking that work together to undermine self confidence and whether they are based on fact or just opinion Set realistic goals Learn how perfectionism undermines self esteem Re balance yourself Understand that problems lurk in the extremes and why the middle way is the most successful way Conquer Fears and Setbacks Overcome the day to day problems that life and other people throw at us **Learn to Love Yourself** Jad Haefely, The third eBook of the Learn to Love Yourself series is about showing you how daily habits can help us transform into happier and healthier versions of ourselves We always hear that happiness is a decision but what does that really mean One decision lies in how much effort we're willing to put in to achieve it It's like any other skill in life we can work at it We'll be going over three principle practices to produce a harmonious happy life As with all my eBooks these outline more than just one method Please don't try to do everything at once Just be authentic about what inspires you and what doesn't and start there We will also be exploring our Dark Sides This is the side of us that tries to hold us back anytime we make progress In fact we'll start looking at falling in love with our Dark Sides by using the understanding we've created from the past eBooks This will help you deal with those moments where you feel you're self sabotaging By purchasing this book you are demonstrating that belief in yourself That commitment and dedication to pursue happiness Don't let it pass you by for another day Take charge of your own happiness **Learning to Love Yourself First** Luna Forstner, 2014-10-30 If you're ready to learn how to learn to love yourself for the sake of vastly improving your own life and relationships with others then this book is for you Most people wonder why their relationships don't last as long as they expected or wanted They know that there's something amiss but they can't pinpoint exactly what it is If you're one of these people you need to know that one of the causes of this unfortunate
