Digest; Review of Reviews Incorporating Literary Digest, 1928 Stories from Exceptional Language Learners Who Have Achieved Nativelike Proficiency Katarina Mentzelopoulos, Zoltán Dörnyei, 2022-10-25 It is generally understood that most language learners beyond a certain age are unlikely to ever reach nativelike proficiency in their second language However there exists a unique population of gifted adult learners who do triumph against all odds and achieve nativelike proficiency and their learning experiences have thus far remained a largely untapped gold mine The companion to Lessons from Exceptional Language Learners Who Have Achieved Nativelike Proficiency this volume presents the autobiographical

learning stories of 30 such exceptional individuals opening a narrative window into their learning experiences This rich corpus of success stories reveals the many steps of these language learning journeys and the learners pathways to success A fascinating and readable collection of personal stories this volume will be of interest to non specialist language learners as a motivational primer for their own studies as well as researchers working in language learning psychology who will find the unique database of learner narratives a useful tool for future research
