by Ben Lerner

"Happy were the ages when the starry sky was the map of  
all possible paths, ages of such perfect social integration  
that no drug was required to link the hero to the whole."

## Leaving The Atocha Station:

**Leaving the Atocha Station** Ben Lerner, 2011-08-23 Adam Gordon is a brilliant if highly unreliable young American poet on a prestigious fellowship in Madrid struggling to establish his sense of self and his relationship to art What is actual when our experiences are mediated by language technology medication and the arts Is poetry an essential art form or merely a screen for the reader's projections Instead of following the dictates of his fellowship Adam's research becomes a meditation on the possibility of the genuine in the arts and beyond are his relationships with the people he meets in Spain as fraudulent as he fears his poems are A witness to the 2004 Madrid train bombings and their aftermath does he participate in historic events or merely watch them pass him by In prose that veers between the comic and tragic the self contemptuous and the inspired *Leaving the Atocha Station* is a portrait of the artist as a young man in an age of Google searches pharmaceuticals and spectacle Born in Topeka Kansas in 1979 Ben Lerner is the author of three books of poetry *The Lichtenberg Figures* *Angle of Yaw* and *Mean Free Path* He has been a finalist for the National Book Award and the Northern California Book Award a Fulbright Scholar in Spain and the recipient of a 2010-2011 Howard Foundation Fellowship In 2011 he became the first American to win the Preis der Stadt Münster für Internationale Poesie *Leaving the Atocha Station* is his first novel

*Leaving the Atocha Station* Ben Lerner, 2011 In Madrid on a fellowship a young American poet examines his ambivalence about authenticity *Leaving The Atocha Station On Foot* Dean Faulwell, 2012-04-01 A book of 95 poems by the author of *The Distance Between Here And Now* *10:04: A Novel* Ben Lerner, 2014-09-02 A stunning urgent and original novel from Ben Lerner *The Topeka School* and *Leaving the Atocha Station* about making art love and children during the twilight of an empire Winner of *The Paris Review's* 2012 Terry Southern Prize A Finalist for the 2014 Folio Prize and the NYPL Young Lions Fiction Award In the last year the narrator of *10:04* has enjoyed unlikely literary success has been diagnosed with a potentially fatal medical condition and has been asked by his best friend to help her conceive a child In a New York of increasingly frequent superstorms and social unrest he must reckon with his own mortality and the prospect of fatherhood in a city that might soon be underwater A writer whose work Jonathan Franzen has called hilarious cracklingly intelligent and original in every sentence Lerner captures what it's like to be alive now when the difficulty of imagining a future is changing our relationship to both the present and the past Named One of the Best Books of the Year By *The New Yorker* *The New York Times Book Review* *The Wall Street Journal* *The Village Voice* *The Boston Globe* *NPR* *Vanity Fair* *The Guardian* *London The L Magazine* *The Times Literary Supplement* *London The Globe and Mail* *Toronto The Huffington Post* *Gawker* *Flavorwire* *San Francisco Chronicle* *The Kansas City Star* *The Jewish Daily Forward* *Tin House* *The Tennis Court Oath* John Ashbery, 2012-01-01 John Ashbery writes like no one else among contemporary American poets In the construction of his intricate patterns he uses words much as the contemporary painter uses form and color words painstakingly chosen as conveyors of precise meaning not as representations of sound These linked in unexpected juxtapositions at first glance

unrelated and even anarchic in the end create by their clashing interplay a structure of dazzling brilliance and strong emotional impact From this preoccupation arises a poetry that passes beyond conventional limits into a highly individual realm of effectiveness one that may be roughly likened to the visual world of Surrealist painting Some will find Mr Ashbery's work difficult even forbidding but those who are sensitive to new directions in ideas and the arts will discover here much to quicken and delight them A 35th anniversary edition of classic work from a celebrated American poet who has received the Pulitzer Prize the national Book Award and the national Book Critics Circle Award John Ashbery's second book *The Tennis Court Oaths* first published by Wesleyan in 1962 remains a touchstone of contemporary avant garde poetry *John Ashbery and Anglo-American Exchange* Oli Hazzard, 2018-06-07 In 1966 John Ashbery wrote The English language is constantly trying to stave off invasion by the American language it lives in a state of alert which is reflected to some degree in English poetry This book shows how the work of a major post war American poet has been centrally concerned with questions of national identity and intercultural poetic exchange by reading crucial episodes in Ashbery's oeuvre in the context of an other tradition of modern English poets he himself has defined This line runs from the editor of Ashbery's recent *Collected Poems* Mark Ford through Lee Harwood in the late 1960s F T Prince in the 1950s to chronologically the first and therefore most important influence on his own work W H Auden Through detailed close readings of the poetry of Ashbery and these English poets original interviews and extensive archival research a new account of Ashbery's aesthetic and a significant re mapping of post war English poetry is presented The biographical slant of the book is highly significant as it reads these writers poetry and correspondence together for the first time suggesting how major poetic innovations arose from specific social contexts from the particulars of relations between poets and also from a broader climate of Anglo American exchange as registered by each poet The book's presentation of the process of poetic influence is attentive to actual exchanges between contemporaries as evidenced in correspondence as opposed to speculative relationships with dominant figures and as such represents a departure from many other studies of Ashbery's work Key themes include Englishness as a national imaginary the concept of the minor reciprocal influence and the poetry of coteries The result is that both Ashbery himself and the landscape of post war English poetry are presented in significantly new lights *On Life-writing* Zachary Leader, 2015 *On Life Writing* offers a sampling of approaches to the study of life writing The collection brings together eminent scholars and writers to reflect on specific examples of life writing to reflect broader themes within the genre **The Secret Life of Literature** Lisa Zunshine, 2022-03-15 An innovative account that brings together cognitive science ethnography and literary history to examine patterns of mindreading in a wide range of literary works For over four thousand years writers have been experimenting with what cognitive scientists call mindreading constantly devising new social contexts for making their audiences imagine complex mental states of characters and narrators In *The Secret Life of Literature* Lisa Zunshine uncovers these mindreading patterns which have until now remained invisible to both readers and critics in works ranging from The

Epic of Gilgamesh to Invisible Man Bringing together cognitive science ethnography and literary studies this engaging book transforms our understanding of literary history Central to Zunshine's argument is the exploration of mental states embedded within each other as for instance when Ellison's Invisible Man is aware of how his white Communist Party comrades pretend not to understand what he means when they want to reassert their position of power Paying special attention to how race class and gender inform literary embeddings Zunshine contrasts this dynamic with real life patterns studied by cognitive and social psychologists She also considers community specific mindreading values and looks at the rise and migration of embedding patterns across genres and national literary traditions noting particularly the use of deception eavesdropping and shame as plot devices Finally she investigates mindreading in children's literature Stories for children geared toward different stages of development she shows provide cultural scaffolding for initiating young readers into a long term engagement with the secret life of literature

**Drugs and the Addiction Aesthetic in Nineteenth-Century Literature** Adam Colman, 2019-01-08 This book explores the rise of the aesthetic category of addiction in the nineteenth century a century that saw the development of an established medical sense of drug addiction Drugs and the Addiction Aesthetic in Nineteenth Century Literature focuses especially on formal invention on the uses of literary patterns for intensified exploratory engagement with unattained possibility resulting from literary intersections with addiction discourse Early chapters consider how Romantics such as Thomas De Quincey created with regard to drug habit an idea of habitual craving that related to self experimenting science and literary exploration later chapters look at Victorians who drew from similar understandings while devising narratives of repetitive investigation The authors considered include De Quincey Percy Shelley Alfred Tennyson Christina Rossetti Charles Dickens Robert Louis Stevenson and Marie Corelli Writing Backwards Alexander Manshel, 2023-11-21 Finalist 2025 SHARP Book History Book Prize Society for the Study of the History of Authorship Reading and Publishing Contemporary fiction has never been less contemporary Midcentury writers tended to set their works in their own moment but for the last several decades critical acclaim and attention have fixated on historical fiction This shift is particularly dramatic for writers of color Even as the literary canon has become more diverse cultural institutions have celebrated Black Asian American Latinx and Indigenous novelists almost exclusively for their historical fiction Writing Backwards explores what the dominance of historical fiction in the contemporary canon reveals about American literary culture Alexander Manshel investigates the most celebrated historical genres contemporary narratives of slavery the World War II novel the multigenerational family saga immigrant fiction and the novel of recent history alongside the literary and academic institutions that have elevated them He examines novels by writers including Toni Morrison Viet Thanh Nguyen Colson Whitehead Julia Alvarez Leslie Marmon Silko Michael Chabon Julie Otsuka Yaa Gyasi Ben Lerner and Tommy Orange in the context of MFA programs literary prizes university syllabi book clubs and the National Endowment for the Arts Manshel studies how historical fiction has evolved over the last half century documenting the formation of the newly

inclusive literary canon as well as who and what it still excludes Offering new insight into how institutions shape literature and the limits of historical memory Writing Backwards also considers recent challenges to the historical turn in American fiction

**The quiet contemporary American novel** Rachel Sykes,2017-12-01 This book explores the concept of quiet an aesthetic of narrative driven by reflective principles and argues for the term s application to the study of contemporary American fiction In doing so it makes two critical interventions Firstly it maps the neglected history of quiet fictions arguing that from Hester Prynne to Clarissa Dalloway from Bartleby to William Stoner the Western tradition is filled with quiet characters Secondly it asks what it means for a novel to be quiet and how we might read for quiet in an American literary tradition that critics so often describe as noisy Examining recent works by Marilynne Robinson Teju Cole and Ben Lerner among others the book argues that quiet can be a multi faceted state of existence one that is communicative and expressive in as many ways as noise but filled with potential for radical discourse by its marginalisation as a mode of expression

*Finance Fictions* Arne De Boever,2018-03-06 Finance Fictions takes the measure of what it means to live in a world ruled by high finance by examining the tension between psychosis and realism that plays out in the contemporary finance novel When the things traded at the center of the economy cease to be things at all but highly abstracted speculations how do we come to see the real What sorts of narrative can accurately approach the actual workings of a neoliberal economy marked by accelerating cycles of market crashes economic and political crisis and austerity Revisiting such twentieth century classics of the genre as Tom Wolfe s Bonfire of the Vanities and Bret Easton Ellis s American Psycho De Boever argues that the twenty first century is witnessing the birth of a new kind of realistic novel that can make sense of complex financial instruments like collateralized debt obligations credit default swaps and digital algorithms operating at speeds faster than what human beings or computers can record If in 1989 Wolfe could still urge novelists to work harder to tame the billion footed beast of reality today s economic reality confronts us with a difference that is qualitative rather than quantitative a new financial ontology requiring new modes of thinking and writing Mobilizing the philosophical thought of Quentin Meillassoux in the close reading of finance novels by Robert Harris Michel Houellebecq Ben Lerner and less well known works of conceptual writing such as Mathew Timmons Credit Finance Fictions argues that realism is in for a speculative update if it wants to take on the contemporary economy an if whose implications turn out to be deeply political Part literary study and part philosophical inquiry Finance Fictions seeks to contribute to a new mindset for creative and critical work on finance in the twenty first century

**Media Ecologies of Literature** Susanne Bayerlipp,Ralf Haekel,Johannes Schlegel,2022-11-03 This book explores the media ecologies of literature the ways in which a literary text is interwoven in its material technical performative praxeological affective and discursive network and which determine how it is experienced and interpreted Through novel approaches to the complex contingent and interdependent environments of literature this volume demonstrates how questions about the mediality of literature particularly in the wake of digitization shed a new light on our

understanding of textuality reading platforms and reception processes By drawing on recent developments in advanced media theory Media Ecologies of Literature emphasizes the productivity of innovative re conceptualizations of literature as a medium in its own right In an intentionally wide historical scope the essays engage with literary texts from the Romantic to the contemporary period from Charlotte Smith and Oscar Wilde to A L Kennedy and Mark Z Danielewski from the traditionally printed novel to audiobooks and reading apps Literature and Event Mantra Mukim,Derek Attridge,2021-11-29 If event is a proper name we reserve for monumental changes crises transitions and ruptures that are by their very nature unnameable or unthinkable then this volume is an attempt to set up an encounter between such eventhood as it comes to have a bearing on literary works and the work of reading literature As the event continues to provide a valuable analytical paradigm for work undertaken within the newer subdisciplines of literary and critical theory including close reading bio politics world literature and eco criticism this volume makes a concerted effort to update the scholarship in this area and foreground the recent resurgence of interest in the concept The book provides both a retrospective appraisal of the significance of events to literary studies and the literary humanities as well as contemporary and prospective appraisals of the same and thus would appeal scholars and instructors in the areas of literary theory comparative literature and philosophical aesthetics alike Along with a specialist focus on thinkers such as Derrida Badiou Deleuze and Malabou the essays in this volume read a wide corpus of literature ranging from Han Kang Homer Renee Gladman Proust and Flaubert to Yoruba ideophones Browning Anne Carson Jenichiro Oyabe and Ben Lerner **John Ashbery** Jess Cotton,2023-06-17 A critical biography of America s most influential postmodern poet Mysterious esoteric and baffling John Ashbery is notorious for the seeming difficulty of his work But Ashbery is also entertaining humorous even charming and ever responsive to his shifting social and political contexts This biography charts Ashbery s rise from a minor avant garde figure to the most important poet of his generation Jess Cotton provides a legible and accessible roadmap to Ashbery s work that draws connections between his poetry New York artists and mid century politics Cotton paints an image of a more approachable and socially engaged Ashbery that will appeal to anyone interested in American poetry queer lives and twentieth century American history Anxieties of Experience Jeffrey Lawrence,2018 Anxieties of Experience offers a new interpretation of US and Latin American literature Rereading a range of canonical works from Walt Whitman s Leaves of Grass to Roberto Bola o s 2666 it traces the development and interaction of two distinct literary strains in the Americas the US literature of experience and the Latin American literature of the reader The Intellectual Landscape in the Works of J. M. Coetzee Timothy J. Mehigan,Christian Moser,2018 New essays examining the intellectual allegiances of Coetzee arguably the most decorated and critically acclaimed writer of fiction in English today and a deeply intellectual and philosophical writer **Ingenious Pleasures** Drew Gardner,2023-06-01 By tracing the impulses of punk rock trash film and camp through poetry Drew Gardner sheds light on a literary tendency that has been part of poetry s DNA all along uncovering the poetic

values hidden in unpoetic things This unique anthology introduces readers to collage driven poetry that embodies the sensibilities of punk trash and camp in a line of writing that cuts through received taxonomies of movements influences and styles Moving through the twentieth century the poetry focuses on the unexpected the anarchic the demotic the absurd the irreverent the coarse the rude and the deliriously playful It marks an alternative strain of modernism that stretches from one side of the century to the other and includes such diverse voices as Baroness Elsa von Freytag Loringhoven Gertrude Stein William Carlos Williams Mina Loy Russell Atkins Sun Ra and Bernadette Mayer along with many other well known and lesser known poets Readers of Ingenious Pleasures will delight in experiencing poetry as they never have before Born Translated Rebecca L. Walkowitz, 2015-08-04 As a growing number of contemporary novelists write for publication in multiple languages the genre's form and aims are shifting Born translated novels include passages that appear to be written in different tongues narrators who speak to foreign audiences and other visual and formal techniques that treat translation as a medium rather than as an afterthought These strategies challenge the global dominance of English complicate native readership and protect creative works against misinterpretation as they circulate They have also given rise to a new form of writing that confounds traditional models of literary history and political community Born Translated builds a much needed framework for understanding translation's effect on fictional works as well as digital art avant garde magazines literary anthologies and visual media Artists and novelists discussed include J M Coetzee Junot Diaz Jonathan Safran Foer Mohsin Hamid Kazuo Ishiguro Jamaica Kincaid Ben Lerner China Miéville David Mitchell Walter Mosley Caryl Phillips Adam Thirlwell Amy Waldman and Young-hae Chang Heavy Industries The book understands that contemporary literature begins at once in many places engaging in a new type of social embeddedness and political solidarity It recasts literary history as a series of convergences and departures and by elevating the status of born translated works redefines common conceptions of author reader and nation *The Hatred of Poetry* Ben Lerner, 2016-06-07 The novelist and poet Ben Lerner argues that our hatred of poetry is ultimately a sign of its nagging relevance
