Marvelous Minilessons for Teaching Nonfiction Writing K-3 Lori Jamison Rog, 2015-12-11 Today's young learners know more about their world than ever before. This remarkable book shows that even our youngest writers can consider audience and purpose as they use nonfiction writing to document their ideas and share those ideas with others. But if students are going to be able to use writing to learn, they must have opportunities for learning to write. That's what this book is for. A wealth of hands-on minilessons offer strategies for writing informational, persuasive, and procedural text. Each lesson starts with a learning goal and follows an I do, we do, you do format. Teachers will find a wealth of ideas for guiding young students to write about what they know and care about. Teaching Writing With Rubrics Laura A. Flynn, Ellen M. Flynn, 2004-03-29 What a gift! I used your book from the first day. Using your guidelines, I am now developing my own units and rubrics. Rebecca Kennerly, Student Resident Teacher Program, University of New Mexico. Take the guesswork out of writing instruction and assessment. The step-by-step instructions, scheduling guidelines, lesson plans, rubric assessments, and reproducible forms in this guide are the result of years of research, planning, and fine-tuning in the classroom. Inspiring student creativity while addressing standards and meeting the needs of every student has never been so easy. Special features include: Step-by-step instructions on how to set up a classroom writing program; Eleven comprehensive classroom-tested lesson plans; Methods for adapting rubrics for high school students, gifted students, English Language Learners, and students with learning disabilities; Strategies for evaluating every step of the writing process, from pre-writing to final draft; How to incorporate Six Trait Writing.
