(Mis)Understanding Political Participation Jeffrey Wimmer, Cornelia Wallner, Rainer Winter, Karoline Oelsner, 2017-12-15 The practices of participation and engagement are characterised by complexities and contradictions All celebratory examples of uses of social media e g in the Arab spring the Occupy movement or in recent LGBTQ protests are deeply rooted in human practices Because of this connection every case of mediated participation should be perceived as highly contextual and cannot be attributed to one social specific media logic necessitating detailed empirical studies to investigate the different contexts of political and civic engagement In this volume the theoretical chapters discuss analytical frameworks that can enrich our understanding of current contexts and practices of mediated participation The empirical studies explore the implications of the new digital conditions for the ways in which digitally mediated social interactions practices and environments shape everyday participation engagement or protest and their subjective as well societal meaning **Women's Activism in Twentieth-Century Britain** Paula Bartley, 2022-04-01 This book serves as an introduction to the extraordinary diversity of women s activism Paula Bartley s original research is supported by a range of

The Investor's Monthly Manual ,1898

Mexicano and Latino Politics and the Quest for Self-Determination Armando Navarro,2015-01-08 This book examines the current status of Mexicano and Latino politics in the United States Political scientist and community activist Armando Navarro maintains that both represent a dysfunctional and failed mode of politics attributable to their system maintenance and mainstream ideological orientation and approach As colonial agents they protect both a United States that is decaying and declining and the degenerative liberal capitalist system Navarro argues that the United States is not a

representative democracy but in fact is a White Corpocratic Dictatorship controlled by Capital which is evolving into a Fascist State The book provides an in depth analysis and contention that Mexicanos and Latinos in Aztlan Southwest are an occupied and internal colonized people It argues they are the Palestinians and Kurds of the United States His supposition is sustained by the book s profiles of Mexicano political history demography socioeconomics electoral politics immigration and the Triad Crisis e g Second Great Depression Global Economic Crisis and Global Capitalist Crisis Each chapter provides the justification and case for Navarro s two unique alternative change models applicable to today s bankrupt and failed Mexicano and Latino Politics in the twenty first century The preferred model is Aztlan s Politics of a Nation Within a Nation APNWN which is based on the models of the Mormon Nation of Utah and that of French Quebec Navarro therefore calls for the reformation of the United States liberal capitalist system by way of social democracy for the empowerment of Mexicanos and Latinos His second model is Aztlan s Politics of Separatism APS which offers two strategic options 1 Aztlan Southwest becoming a separate and sovereign nation state or 2 its reannexation and re integration with Mexico Navarro outlines a plan of action for building a New Movement designed to attain APNWN or APS In addition several ominous forecasts are made such as the United States being in a state of decline and no longer a hegemonic superpower due to the rise of a multi polar world Moreover Navarro attributes the United States decline to the inherent contradictions of global capitalism His sobering message is that if the current economic conditions are left unchanged this will produce an End of Times scenario the unleashing of the Four Horseman of the Apocalypse
