thousand dollar stacks at the casino Although this book is entertaining with many stories to break up the learning process it also reveals a brief history of cards and the origin of Blackjack But the most compelling reason to read this book is the financial success that will impress your friends and your banker      **Radical Blackjack** Arnold snyder,2021-06-01 Arnold Snyder needs no introduction One of the seven original members of the Blackjack Hall of Fame he s a prolific author of blackjack books former publisher of the prestigious Blackjack Forum and a blackjack advantage player extraordinaire In his first book in many years Arnold is back with what is shaping up to be his greatest work ever Radical Blackjack is a memoir how to and expos all wrapped up in a single book From his life as a starving letter carrier to making 100 000 bets that he could only win by losing this is a story that blackjack aficionados and gambling enthusiasts have wanted for decades And it s all true Snyder details his adventures in hole carding and shuffle tracking milking loss rebates exploiting online casino bonuses and affiliate deals using camouflage so effective that pit bosses considered him the world s worst blackjack player playing on teams and with investor money and maximizing results when playing with partners while topping it all off with miscellaneous stories so wild they don t fit into any chapter If you read only one gambling book this year Radical Blackjack should be it      **Play It Right** Kamal Gupta,2022-05-10 A real life underdog tale of one man turning the tables on the casinos and Wall Street without selling his soul to the devil All around the world the words Wall Street conjure up a powerful image For some it is the center of America s capitalist system and the engine of its economic growth For others it is the home of rapacious bankers and reckless traders whose greed would lead to a global financial crisis For an Indian born blackjack player Wall Street represented something else entirely a chance for him to play in the largest casino in the world Kamal Gupta s improbable journey from a wide eyed Indian immigrant to an ultimate insider in the rarefied world of investment banks and hedge funds is a uniquely American story Nowhere else would it have been possible for a scrawny computer scientist to enter the world of high finance solely on the basis of his gambling abilities After spending seven years creating an investment methodology Gupta went on an incredible run generating an unprecedented 103 consecutive months of positive returns while managing money at large hedge funds His success did not go unnoticed and he found himself under constant pressure to take bigger risks to make even more money He refused and always played it right knowing that there was such a thing as enough money something very few if any of his Wall Street peers understood Much like Maria Konnikova s bestseller The Biggest Bluff Play It Right isn t so much about money as it is about the human condition and beating the odds whether at a casino on Wall Street or in life itself      **Fundamentals of "21"** Mason Malmuth,Lynne Loomis,2022-05-15 A detailed basic strategy with an easy to learn card counting system designed to cut the house edge and turn the odds in your favor
