**Exploration Potential of Nigeria** Moses A. Olade, 2021-02-06 This book furnishes a detailed description of the mineral deposits of metallic non-metallic solid energy gemstones and industrial minerals in Nigeria West Africa with emphasis on their location geological setting mode of occurrence physical and chemical characteristics ore reserve estimates and metallogeny. It also provides a geoscientific analysis of the solid mineral sector mineral production statistics mining and potential targets for mineral exploration. There are twenty chapters in the book divided into five parts: Part 1 geological setting Part 2 metallic minerals Part 3 energy minerals Part 4 industrial minerals gemstones and Part 5 metallogeny mining exploration. This book is an invaluable source of information not only for geology and mining students but also for practicing geoscientists exploration and mining professionals and administrators in government and private companies who are interested or involved in economic geology mineral exploration and mineral resource development in Nigeria. Geology

and Mineral Resources of West Africa Wright, 2012-12-06 In this text attention is focused mainly on those literature is accessible however it is to be expected countries in western Africa lying south of the Sahara that teachers and lecturers will know of it and will be that is between about 5°N and 15°N and westward able to acquaint their students with it where necessary of about 15°E. Parts of the region as far north as about 20°N are considered from time to time for a glossary of terms is provided at the end of the purposes of correlation and continuity. The map on volume and there is a summary at the beginning of p. xiii indicates the approximate extent of the cover each chapter. This book is dedicated to the many colleagues and The principal aim is to provide a broad view of students with whom we have worked in West Africa. West African geology as a whole for undergraduates and who have stimulated and encouraged our teaching who are studying for honours degrees in geology and mining and research in various ways. We hope also that it may help the work of international organizations who already have an understanding of basic geological principles. It is increasingly important that such as AGID CIFE and UNESCO to encourage the growing trend towards geological co-operation geologists working in this region should see it as made up of geological provinces which transcend and correlation between different countries in West national boundaries Africa. *Mineral Resources of and Background Information on the Eastern Hemisphere Including the Soviet Union and Satellite Countries* United States. *Nigeria's Resource Wars* Egodi Uchendu, 2021-03-02 Nigeria's Resource Wars reflects on the diversity of conflicts over access to and allocation of resources in Nigeria. From the devastating effects of crude oil exploration in the Niger Delta to desertification caused by climate change and illegal gold mining in Zamfara to mention a few Nigeria faces new dimensions

of resource related struggles The ravaging effects of these resource conflicts between crop farmers and Fulani herders in Nigeria's Middlebelt and states across Southern Nigeria call for urgent scholarly interventions with the Fulani cattle breeders onslaught altering the histories of many Nigerian families through deaths loss of homes and investments and permanent physical incapacity Currently there is an almost total breakdown of interethnic relations with political commentators acknowledging that Nigeria has never been so divided as it presently is in its history The struggles have now degenerated into kidnaps armed robbery and incessant targeted and random killings across the country compounding the already complex problem of insecurity in Nigeria The chapters in this volume engage with these issues presenting the different arguments on resource conflicts in Nigeria They draw insights from similar conflicts in Nigeria's colonial post independence past and events from around the world to proffer possible solutions to resource related confrontations in Africa By offering a collection of different intellectual perspectives on resource conflicts in Nigeria this volume will be an important reference material for understanding the diversity of thought patterns that underpin the struggle and policy approaches towards resolving conflict situations in Africa This volume will be of considerable interest to scholars of Africa researchers in the humanities social sciences and conflict studies and policymakers interested in understanding the resource crisis in Africa

*Natural Resource Sovereignty and the Right to Development in Africa* Carol Chi Ngang, Serges Djoyou Kamga, 2021-08-25 This book explores the nexus between natural resources ownership and the right to development in Africa The right to sovereignty over natural resources and the right to development are recognised and protected in an extensive framework of international regional and domestic instruments They guarantee people's entitlement to fully and freely utilise their natural resources as a means of subsistence and for economic social and cultural development Yet despite the abundance of natural resources in Africa a majority of the people on the continent remain largely impoverished This book articulates the central argument that to achieve the right to development in Africa requires appropriate governance of the continent's natural resources to which the people of Africa are guaranteed sovereign ownership With case study illustrations from Zimbabwe Ghana Ethiopia and the Democratic Republic of Congo chapters explore the normative measures specific guarantees and community entitlements to natural resources for the realisation of the right to development The book will be an invaluable guide to scholars and postgraduate students of Natural Resources Development and African studies as well as policymakers and practitioners in these areas
