Grades:

I use grades for two basic purposes. Grades should reflect a student's mastery of the material (as measured by test scores). However, grades are also used to motivate student to learn in ways that are difficult to measure with tests. Therefore, points are allocated for non-test learning behaviors. Composite scores from tests and other activities are used to assign final scores. The following breakdown will be used.

| Quizzes & papers | 100 points |
| Midterm exam | 100 points |
