Lessons Kids Need to Learn David Staal, 2012-03-06 Dave Staal brings his experience as a parent and a nationally respected children's ministry leader to help equip other parents and mentors to teach their children the most important lessons in life. With a dozen life-building lessons, parents and mentors will be able to teach their kids to have a balanced, healthy perspective about themselves and other people and how to honor God with the way they live. Based on Staal's own experiences as a parent as well as original research done nationwide through focus groups with parents and children, *Lessons Kids Need to Learn* is a valuable resource for parents, grandparents, teachers, children's ministry workers, and mentors who care about teaching children how to live into their God-given identities. *Primary Lessons in Physiology: for Children* Mrs. Jane Taylor, 1860

Fearfully and Wonderfully Made Maureen Seaberg, 2023-08-08 The Next Big Idea Club August 2023 Must Read Book In 2016, scientists proved that humans could see light at the level of a single photon. We are living in historic times when humans may look at the very fabric of the universe in a laboratory setting. Around the world, other recent discoveries about the senses are just as astounding. It turns out we can hear amplitudes smaller than an atom, smell a trillion scents, have a set of taste buds that can discern molecules of fresh water, and can feel through the sense of touch the difference of a single molecule. *Fearfully and Wonderfully Made* takes readers through their own bodies, delving into the molecular and even the quantum, and tells the story of our magnificent sensorium and what it means for the next wave of human potential. From the laboratories to the ordinary homes where these breakthroughs are taking place, the book explores our current sensory Renaissance and shows readers how they themselves can heighten their own senses and experience the miraculous.

My Teaching Days and the Lessons I Learned John Fairbrother, 2018-08-19 When John Fairbrother converted to Christianity in the 1970s, his entire life changed. Because of a spiritual revival and an enlightened heart that could love his Savior, John's life change affected every aspect of his life, including in the classroom and his methodology in classroom discipline, grading habits, and assembly material changed dramatically. He adopted a new sense of boldness while instructing from teaching Old Testament prophets and miracles during school assemblies, witnessing to students in his class who showed interest in his faith or merely loving his students as his own children. John truly desired for his students to know and love his God as much as he did. In *My Teaching Days and the Lessons I Learned*, John shares deeply personal stories about his life, and he also brings up interesting, relevant questions about the education system in England: Should corporal punishment be revisited? Are we overmedicating our children, or too quick to diagnose them with mental conditions? Should all faiths and religions be taught in schools, or just one? John explores a variety of issues he personally faced while teaching throughout the decades and offers strong opinions informed by his belief in Christ. Throughout his tenure, John went through several administrations and befriended many

colleagues who tried to dissuade him of his convictions but despite the overwhelming opposition the Lord still worked in dozens of his students lives and allowed John to continue to proclaim the work of his God in public education Several teachers face forms of persecution in the workplace even today but perhaps with the encouragement in My Teaching Days and the Lessons I Learned they can rely on Him for their daily strength John Fairbrother witnessed God work in unpredictable supernatural and powerful ways some of which are recorded in his writing The Lord is still working and to Him be all the glory *The Teacher's visitor. Big Lessons from Little Airplanes Tex Newman,2021-08-11 Whether piloting a plane and enjoying the panorama below or watching a model you built soar into the blue among the clouds above flying is always an adventure Tex Newman looks back at his love affair with airplanes in this book starting as a boy growing up in West Texas during and after World War II After the war was won the military began to get rid of the old fighters and bombers that had fought so valiantly The author s hometown airport was a refueling place for these old veterans as they made their way from the East Coast to the graveyards out in the Arizona desert While the pilots were gone the old planes would sit and wait patiently for the author and his friends to crawl through them But when the author lost his eye as a boy all hopes of being a fighter pilot were lost and he was in danger of becoming depressed With the help of the Lord however he pressed on and even became a pilot later in life Join the author as he celebrates his faith his blessings and his love of flying in Big Lessons from Little Airplanes

Everyday Prayers for the School Year Tara L. Cole, 2022-08-02 Moms know all too well that God doesn't promise an easy road for us or our kids As much as we'd love to protect them from heartaches it just isn't possible This is especially true during the school year when they are introduced to new teachers new classmates new concepts and maybe even a new school that seems big and frightening Jesus tells us In the world you will have tribulation But take heart I have overcome the world John 16:33 With this reassurance we try to reassure our children that no matter what God is there and He's on their side And we pray In Everyday Prayers for the School Year author Tara L. Cole offers devotional readings and opportunities for mothers to pray for many issues concerning their children such as Are they making godly friends Are their teachers kind and caring Can they make wise choices in bad situations Will they commit to studying Are they being targeted by bullies If they are unprepared for a test will they trust God or cheat No matter what our kids are facing during the school year we can't go wrong when we pray and teach them to pray too Our prayer is that they ultimately trust Him for their salvation but even after they become Christians they have the daily choice to trust God when they feel like they are standing alone and the circumstances look impossible Tara says My hope for this journal is that it will help moms turn their worry about their children's school year into hope that they take their concerns to God and walk away confident that He loves our kids more than we do And He is in control
