wisdom     *The Cost of Free Shipping* Jake Alimahomed-Wilson, Ellen Reese, 2020-09-20 Winner of the UALE Book Award 2021 Amazon is the most powerful corporation on the planet and its CEO Jeff Bezos has become the richest person in history and one of the few people to profit from a global pandemic Its dominance has reshaped the global economy itself we live in the age of Amazon Capitalism One click instant consumerism and its immense variety of products has made Amazon a worldwide household name with over 60% of US households subscribing to Amazon Prime In turn these subscribers are surveilled by the corporation Amazon is also one of the world's largest logistics companies resulting in weakened unions and lowered labor standards The company has also become the largest provider of cloud computing services and home surveillance systems not to mention the ubiquitous Alexa With cutting edge analyses this book looks at the many dark facets of the corporation including automation surveillance tech work workers struggles algorithmic challenges the disruption of local democracy and much more *The Cost of Free Shipping* shows how Amazon represents a fundamental shift in global capitalism that we should name interrogate and be primed to resist     **Your Data, Their Billions** Jane S. Hoffman, 2022-04-19 THE GUIDE TO USING EVERYDAY TECH FROM GOOGLE SEARCHES AND AMAZON TO GPS AND FACEBOOK WITH EYES WIDE OPEN What if somebody knew everything about you Your relationships work social and private family history finances and medical records even your exact location at any time of the day personal preferences and purchases Somebody does That somebody is Big Tech Facebook Google Amazon Apple and Microsoft know more about you than you do And they make billions of dollars by cashing in on your private data Our personal data which Big Tech companies get for free is the engine that drives the unregulated free for all Wild West world called the digital marketplace These corporate giants may bring us information and entertainment convenience and connection but they also do a lot of harm by threatening our privacy discovering and disseminating our personal information spreading dangerous misinformation from foreign governments and bad actors manipulating our behavior affecting what we see buy even who we vote for So what can we do about it This eye opening book provides vital information that has been out of reach to those who need it most the millions of Facebook Google Amazon Apple and Microsoft users who have come to love and depend upon these digital products Veteran consumer advocate Jane Hoffman makes the complex world of Big Tech simple to grasp as she reveals exactly how Big Tech uses and abuses your personal information And she proposes a bold blueprint for reforming these corporate behemoths including a data dividend *Your Data Their Billions* is a guidebook to everything at stake in our digital society from Big Tech's overreach into our daily lives to its practices that threaten our democracy Knowledge is power and it starts here     *Why America Didn't Become Great Again* Robert Chernomas, Ian Hudson, 2025-04-22 Examining the conditions that not only blocked attempts to make America great again but also actively made the country worse *Why America Didn't Become Great Again* identifies those organizations institutions politicians and prominent characters in the forefront of the economic and social policies ultimately asking who is responsible The period from the late 1970s to 2020s

became the best of times for America's corporate class. As profits grew along with the wealth and income that they delivered for their stockholders and management, their goal was to set new rules for the rest of us to live by with a clear class agenda. Institutions have been organized, government policies reoriented, and economists, journalists, and politicians recruited, funded, and promoted. And so it has not been the best of times for working families, as inequality, stagnant wages, debt, and ever longer working hours became their fate. This book critically analyzes those who very deliberately set out to implement policies enacted at the state and federal level in order to redistribute wealth and income upwards and change the balance of power in the United States in response to the class, gender, and racial challenges that resulted in compressed income and wealth differentials before the 1980s. An essential book on contemporary inequality in America.

*Why America Didn't Become Great Again* surveys the past near half century that resulted in American economic instability and inequality, environmental crisis, a crumbling physical and harmful social infrastructure, among the very worst health outcomes, child poverty, food insecurity, and social mobility of the industrialized countries, culminating in a Trump regime and the road to further ruin. Media Is Us Elizaveta Friesem, 2021-06-10. Elizaveta Friesem argues that instead of being worried about media or blaming it for what's going wrong in society, we should become curious about uniquely human ways we communicate with each other. *Media Is Us* proposes five key principles of communication that are relevant both for the modern media and for people's age-old ways of making sense of the world. In order to understand problems of the contemporary society revealed and amplified by the latest technologies, we will have to ask difficult questions about ourselves and to rethink not only the term media but also the concept of power. Concluding with practical steps to build media literacy through the ACE model from Awareness to Collaboration through Empathy, this timely book is essential for anyone who would use the new understanding of media to decrease the current levels of polarization.

*Welfare for the Rich* Phil Harvey, Lisa Conyers, 2020-08-04. *Welfare for the Rich* is the first book to describe and analyze the many ways that federal and state governments provide handouts, subsidies, grants, tax credits, loan guarantees, price supports, and many other payouts to millionaires, billionaires, and the companies they own and run. Many journalists, scholars, and activists have focused on one or more of these dysfunctional programs. A few of the most egregious examples have even become famous. But *Welfare for the Rich* is the first attempt to paint a comprehensive, easily accessible picture of a system largely designed by the richest Americans through lobbyists, lawyers, political action committees, special interest groups, and other powerful influencers with the specific goal of making sure the government keeps wealth and power flowing from the many to the few. **Gazeta Mercantil**, 2000.

The Top Books of the Year Federal Tax Research 9th Edition Amazon The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have enthralled audiences this year. Federal Tax Research 9th Edition Amazon : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Federal Tax Research 9th Edition Amazon : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
