*A Lovely Girl* Deborah Holt Larkin, 2022-10-04 The incredible story of a 1958 murder that ended with the last woman to ever be executed in California a murder so twisted it seems ripped from a Greek tragedy Deborah Larkin was only ten years old when the quiet calm of her California suburb was shattered Thirty miles north on a quiet November night in Santa Barbara a pregnant nurse named Olga Duncan disappeared from her apartment The mystery deepens when it is discovered that Olga's mother in law a deeply manipulative and deceptive woman had been doing everything in her power to separate Olga and her son Frank prior to Olga's disappearance From a forged annulment to multiple attempts to hire people to get rid of Olga to a faked exorcism case Elizabeth seemed psychopathically attached to her son Yet she denied having anything to do with Olga's disappearance with a smile But when Olga's brutally beaten body is found in a shallow grave apparently buried alive a young DA makes it his mission to see that Elizabeth Duncan is brought to justice Adding a wrinkle to his efforts is the fact that Frank himself a defense attorney maintained his mother's innocent to the end How does a young girl process such a crime along with the fear and disbelief that rocked an entire community Decades later Larkin is determined to revisit the case and bring the story of Olga herself to light Long overshadowed by the sensationalism and scandal of Elizabeth and Frank *A Lovely Girl* seeks to reveal Olga as a woman in full Someone who was more than the twisted family that would ultimately ensnare her As we follow the heart pounding drama of the case through Larkin's young eyes her father was the court reporter *A Lovely Girl* is by turns page turning yet poignant and makes the reader reexamine how we handle fear how we regard mental illness and how we understand family as we carve our own path in a dangerous world *Female Corpses in Crime Fiction* Glen S. Close, 2018-10-10 This book examines the central significance of sexualized female corpses in modern and contemporary Hispanic and Anglophone crime fiction Beginning with the foundational detective fictions of the nineteenth century it draws from diverse subgenres to describe a transatlantic tradition of necropornography characterized by lascivious interest in female cadavers dissection morgues femicide and snuff movies Hard boiled and police procedural classics from the U S and the U K are juxtaposed with texts by established Spanish and Spanish American genre masters and with obscure works that prefigure the contemporary transmedial boom in corpse centered fictions The rhetoric and aesthetics of necropornographic crime fiction are related to those of popular crime journalism and forensic science television dramas This study argues that crime fiction has long fixated disproportionately on the corpses of beautiful young white women and continues to treat their deaths and autopsies as occasions for male visual pleasure male subjective self affirmation and male homosocial bonding *Images of the Corpse* Elizabeth Klaver, 2004 This compelling book brings together physicians artists and scholars of film literature philosophy art and politics to discuss the representation of the corpse in Western culture Spanning a timeline from the Renaissance to the present these essays introduce readers to a modern autopsy a public execution and dissection in seventeenth century England the genre of postmortem photography the
