Where Is My Happiness? Nikki Yang,2010-04-19 Life is like an airplane that goes really fast We are only allowed to go forward we can never turn back Time makes us old and love make us sore Theres a lot of happiness in our lives but theres also much sorrow That is life That is what makes life so wonderful happiness sometimes and sadness other times Some people might think sadness is not a wonderful thing to keep and thats true But if we only had happiness without any sadness our lives wouldnt be that fun anymore I know sadness feels really bad It hurts us a lot Some people even lose their life because of tears but everybody has to have some sadness throughout life We just hope sad times go away faster and happy moments last longer Remember always smile while facing any emotional issues Itll make life a lot better Accept the truth and always trust yourself

This multidisciplinary handbook pulls together in one volume the research on children s and young adult literature which is currently scattered across three intersecting disciplines education English and library and information science Ms. Moffett's First Year Abby Goodnough,2009-04-28 In summer of 2000 legal secretary Donna Moffett answered an ad for the New York City Teaching Fellows program which sought to recruit talented professionals from other fields to teach in some of the city s worst schools Seven weeks later she was in a first grade classroom in Flatbush Brooklyn nearly completely unprepared for what she was about to face New York Times education reporter Abby Goodnough followed Donna Moffett through her first year as a teacher writing a frontpage award winning series that galvanized discussion nationwide Now she has expanded that series into a book that through the riveting story of Moffett s experiences explores the gulf between the rhetoric of education reform and the realities of the public school classroom Ms Moffett s First Year is neither a Hollywood friendly tale of one person making a difference nor a reductive indictment of the public education system It is rather a provocative portrait of the inadequacy of good intentions of the challenges of educating poor and immigrant populations and of a well meaning but underprepared woman becoming a teacher the hard way While the story takes place in New York Ms Moffett s first year is a metaphor for the experiences of teachers everywhere in America one that illuminates the philosophical economic political and ideological dilemmas that have come more and more to determine their experience and their students experiences in the classroom
