Border Crossings Kathleen Sue Fine-Dare, 2009-05-01 For anthropologists and social scientists working in North and South America the past few decades have brought considerable change as issues such as repatriation cultural jurisdiction and revitalization movements have swept across the hemisphere Today scholars are rethinking both how and why they study culture as they gain a new appreciation for the impact they have on the people they study Key to this reassessment of the social sciences is a rethinking of the concept of borders not only between cultures and nations but between disciplines such as archaeology and cultural anthropology between past and present and between anthropologists and indigenous peoples Border Crossings is a collection of fourteen essays about the evolving focus and perspective of anthropologists and the anthropology of North and South America over the past two decades For a growing number of researchers the realities of working in the Americas have changed the distinctions between being a Latin North or

Native Americanist as these researchers turn their interests and expertise simultaneously homeward and out across the globe

The Second Coming Carter Sherman, 2025-06-24 Equal parts investigative reporting and cultural criticism this is a look at the sex lives of young adults in post Roe v Wade post MeToo America and how the challenges they face are harbingers of what's coming for the rest of us As a college student award winning journalist Carter Sherman along with several members of her sorority was interviewed by a writer looking for salacious details about their sex lives But the sex the girls were having or the lack thereof seemed disappointing and their stories didn't make the book's final cut A decade later young Americans are having less sex than past generations and the sex they are having is infinitely more complicated Sherman who has spent years traveling the country reporting on gender and sexuality wanted to find out why Based on more than one hundred interviews with teenagers and young adults activists and experts *The Second Coming* reveals how mis education the internet and politics have not only reshaped relationships but also unleashed a nationwide power struggle over the future of sex From abortion clinics crowded with young patients to Dating with Dignity seminars at the National Pro Life Summit to school board battles over what students should read think and feel we meet folks from both sides of the aisle who are well informed empowered and active even if not always sexually And as measures are taken to limit Americans access to rights and resources they are fighting back In the tradition of Rebecca Traister and Lisa Taddeo *The Second Coming* explores how the ballot box has infiltrated the bedroom and the breaking point as a nation we've reached as a result

Mimetic Theory and Its Shadow Scott Cowdell, 2023-08-01 Leading Girardian theologian Scott Cowdell seeks to resolve a long standing challenge to mimetic theory that it entails a fundamental brutishness an ontological violence Girard's account of scapegoating violence seen as providing the initial stability for our species to emerge and consolidate hardly seems compatible with Christian belief in God's good creation with violence only appearing after a subsequent Fall The brilliant but controversial theologian John Milbank has long raised this concern about Girard grounded in a remarkably sophisticated though seldom fathomed philosophical theology Unpacking Milbank's program along with Girard's recasting of Continental philosophy in light of mimetic theory Cowdell finds a way between two apparently irreconcilable positions With irenic spirit but analytic tenacity he probes for ways through Milbank's arguments while pressing on growth points in Girard's Cowdell's proposals involve reframing divine creation in light of salvation history reimagining divine participation by thinking Christ and evolution together and developing a semiotic approach to mimetic theory that delivers ontological peace hermeneutically Cowdell shows how Girard's vision of human transformation through faith in Christ reveals a different world beyond ontological violence while preserving the divine participation that Milbank champions
