smart home potential Your Apple TV 4K can do far more than you think it s time to unlock its full potential Order now and start enjoying your Apple TV 4K the way it was meant to be used **Mastering Apple TV 4K** Adidas Wilson , When you hear Apple TV you immediately think it is an actual TV that you are purchasing But this is not the case The Apple TV is actually a device that you will use to stream something a little similar to Amazon s Fire or Roku It is a little black box that is about an inch and a half tall just a little bit less than four inches and it runs on a very similar platform to the iPad and the popular iPhones You can download a list of apps and also games beyond the standard streaming video that you could get from Hulu Netflix Amazon just to name a few The Apple TV has been centered on various apps and it is still able to stream multiple TV shows movies straight to your HDTV but this is just the tip of the iceberg on the features this box has been packed with The box allows you to watch and stream podcasts play your favorite game stream your workout playlist and much more But what is important to note to enjoy all these benefits this box is ready to provide it will all depend on the apps that you have installed Some of the apps you will use are free and some will cost Think of it this way the Apple TV is able to turn your TV into a Smart TV You can either rent your favorite movies or merely stream your collection from your iTunes account You could also stream movie shows from apps like Hulu Plus or Netflix stream your music from the Pandora or Apple Music apps I mean the list is endless on what the Apple TV can actually do for you The Apple TV 4K has been designed with some of the fastest processors you could find the same that powers the iPad Pro The Apple TV box has been made to be as powerful as most laptops we use It also has a fast graphics processor that has been designed with enough power that could turn the black box into a game console Nothing sounds better than this Apple has genuinely revamped the new generation but this does not mean you have to throw away your older model just the same thing they have been doing with iPhone The third generation is still available in the market for you to purchase **Apple TV Portable Genius** Guy

Hart-Davis,2012-12-17 Get savvy advice and hip tips on using Apple TV The Portable Genius series is all about getting the most from your Apple inspired digital lifestyle and the popular and inexpensive Apple TV is no exception With this helpful guide you ll find important basics on how to stream Internet content from Netflix Hulu Plus YouTube and iTune In addition you ll learn how Apple TV fully integrates with both iOS and OS X and acts as a media hub for viewing content from the iPad iPhone iPod and Mac via an HDTV Covering everything from simply connecting the device to a home entertainment system through setting up accounts and finding content this handy resource is packed with tips and tricks that are all aimed at helping you get the most from your Apple TV Offers little known tips and tricks for streaming movies from popular services to your Apple TV as well as using Apple TV as a media hub Features detailed guidance on wirelessly connecting to personal computers and tablets Highlights ways in which you can take full advantage of AirPlay and iCloud to stream and share content from your computer or iOS device Small and portable Apple TV Portable Genius is packed with tips and techniques about the things you most want to know about your Apple TV **Mastering Apple HomePod** Adidas Wilson , The new

device HomePod offers an easy and amazing way for Apple users to enjoy AirPlay Apple Music and control their HomeKit devices from anywhere HomePod was not created to be a competitor to Google Home or Amazon Echo just as the MacBook Air was not designed to compete against the netbook Of course they do share a number of characteristics For instance the HomePod smart speaker can be voice controlled and the MacBook Air is compact and lightweight However HomePod is just a 350 home assistant much like the MacBook was a 200 laptop computer The Fire Phone by Amazon was not much of a hit Alexa therefore had to sell a lot so that Prime could stick into more people s lives This was a success thanks to the priced to move Echo Google on the other hand made a brilliant decision to follow in the footsteps because it has to satisfy its insatiable data thirst When it comes to HomePod something was a little different The AirPods were designed to help you enjoy your favorite music on the go while HomePod was designed to help you enjoy your favorite music in a convenient way in your home AirPods lacked wires and sufficient surface area for traditional buttons Because of this the Siri voice control was the only way to interact with the gadget you have to be near the device The Ultimate HomePod User Guide
