Hunting a Psychopath: The East Area Rapist / Original Night Stalker Investigation - The Original Investigator Speaks Out Richard Shelby, 2015-03-27 JUNE 16 2016 At a press conference today in Sacramento the FBI and local law enforcement agencies announced a 50 000 reward for information leading to the arrest and conviction of the East Area Rapist killer along with a nationwide multimedia campaign to once again bring the case to the public s attention *Hunting A Psychopath* chronicles the on going search for the identity of the serial rapist and murderer known both as the East Area Rapist and Original Night Stalker The author first lays the ground work for how the investigation was conducted Then using what reports are still available plus some personal insights he examines each assault in the order they occurred Gradually the methods used by the EAR ONS in first searching out his victims then stalking them come to light The EAR ONS first surfaced in June 1976 in Sacramento CA He was last heard from in May 1986 in Irvine CA where he brutally murdered an eighteen year old woman In between those years he stayed busy assaulting fifty three people and murdering twelve more while spreading a blanket of fear across central CA and parts of Southern CA It has been over thirty years now and still he has not been brought to justice Although there have been other unsolved crimes of this same nature and of even greater magnitude this series seems to have had a lasting impact on the public enough so that a virtual army of private citizens are pursuing this investigation on their own When time permits there are full time police officers who also work this investigation By examining the information from each assault it gradually becomes clear just how meticulous the EAR ONS was Every detail from selecting a victim to the actual assault appear to have been carefully planned and orchestrated The EAR ONS was as devoted to committing sexual assaults and murders as anyone devoted to their own profession In a distorted way he was a professional rapist murderer and quite probably a certifiable psychopath Perhaps this continuing interest is because those wanting to involve themselves in the investigation know it can still be brought to a satisfactory conclusion

Kill God! The Hunt for the Cosmic War Criminal Ranty McRanterson,2018-02-22 Good old Freddie Nietzsche announced that God is dead. Most of the world obviously didn't get the memo. God seems to be alive and kicking worse than ever. He's in our face. He's out there, loud and he's proud. More people believe in God now than at any time in human history. This guy's on a roll. He's a lot more successful than Nietzsche. That's for sure. Freddie said, "Success has always been the greatest liar." Sore loser. It's not enough to proclaim God dead. You actually have to go and perform the deed. You have to get your hands dirty. If anyone needs dealing with it, it's God. God is a monster and a mass murderer. He's a war criminal. He's quite simply humanity's deadliest enemy. Just read the Torah, Bible, or Koran. You must strike down the tyrant as Brutus and Cassius did to Caesar. It's time for the HyperHumans to slay the gods and become gods themselves.

The Wild Hunt Victoria Branden, 2004 The legend of The Wild Hunt is as old as mankind Every race has its version of The Hunt the raging host of poachers gangs who drove their quarry by night in defiance of ferociously strict game laws the penalty for killing a deer was hanging Disguised in the skins of beasts they spread terror through the countryside especially as they hunted not only animals but other humans and when stimulated by drink and drugs tore to pieces and devoured living creatures As late as the 20th century terrorists in the Congo and Kenya disguised themselves in panther and leopard pelts the claws reinforced with steel to lacerate victims The most common disguise was a wolf hide particularly in northern Europe creating the werewolf superstition It was clearly addictive behaviour and some of its patterns can be discovered in modern gang activities Could a Wild Hunt survive into our time In a remote area seldom visited by outsiders a secret werewolf cult might still be pursuing and devouring its victims The Wild Hunt tells of a young university woman who inherits a long abandoned farmhouse which she plans to restore for a summer retreat only to learn too late that it has become the headquarters of a Wild Hunt surviving among the men of a degenerate village The anthropological soundness lends a terrifying plausibility which heightens the suspense more acutely than would the fear of supernatural shape shifting werewolves
