Practice Papers for the MRCGP Written Exam, Paper 1 Rob Daniels, 2005 Suitable for those sitting Paper 1 of the MRCGP Written examination Paper 1 comprises 12 questions featuring multiple essay questions MEQs and critical appraisal style questions to be answered in 3 5 hours

Assessing legal interpreter quality through testing and certification: The Qualitas Project Cynthia Giambruno, 2014 Respect for the procedural rights of any individual involved in police or judicial matters is a basic tenet of a modern and sound system of justice Providing legal interpreting services to suspects defendants victims and witnesses who are not proficient in the language in which legal matters are being conducted is a broadly accepted practice throughout the EU However it is only recently that emphasis has been placed on the quality of the services provided EU Directive 2010 64 EU through its mandate for quality in legal interpreter and translating services has provided the impetus needed to reexamine current practices and work towards common standards and practices across the EU that would enhance mutual trust and allow for reciprocity and the sharing of expertise This volume reflects the deliberations of a panel of experts from the fields of legal interpreting testing theory and public policy who agree that the most effective means of ensuring quality is through testing and certification It addresses issues related to the assessment of the skill sets and knowledge required to ensure high quality legal interpreting and offers practical guidance and advice on the design and administration of a valid and reliable certification process

Testing and Assessment in Translation and Interpreting Studies Claudia V. Angelelli, Holly E. Jacobson, 2009 Testing and Assessment in Translation and Interpreting Studies examines issues of measurement that are essential to translation and interpreting Conceptualizing testing both as a process and a product the collection of papers explores these issues across languages and settings including university classrooms research projects the private sector and professional associations The authors have approached their chapters from different perspectives using a variety of methods some focusing on very specific variables and others providing a much broader overview of the issues at hand Chapters range from a discussion of the measurement of text cohesion in translation the measurement of interactional competence in interpreting the use of a particular scale to measure interpreters renditions to the application of a specific approach to grading or general program assessment such as interpreter or translator certification at the national level or program admissions processes These studies point to the need for greater integration of research and practice in the specific area of testing and assessment and are a welcome addition to the field
