Every effort is made to help students relate the concepts in this book to the decisions made by working managers. With insightful chapter openers, the popular *Managerial Accounting in Action* segments within the chapters and stimulating end of chapter exercises, a student reading Garrison should never have to ask, "Why am I learning this?" Balance. There's more than one type of business and so Garrison covers a variety of business models including not-for-profit, retail service and wholesale organizations as well as manufacturing. In the twelfth edition, service company examples are highlighted with icons in the margins of the text. Clarity.
