Otra novedad es la inclusión de capítulos donde se recogen los aspectos más relevantes de la seguridad del paciente en el bloque quirúrgico así como los contenidos más destacables de la cirugía endoscópica. decrease bloodloss during dissection as the liver inflow is kept under control This book includes a step by step description of each pedicle isolation and section with original laparoscopic and robotic pictures and videos HPB surgeons who are interested in this technique may find these pages written in cooperation with some of the most prominent worldwide experts to be highly informative and valuable **Manual de evaluación de la calidad del servicio de enfermería** ,2009
