Cino,2013-07-14 Este libro persigue un equilibrio entre la condición intrínsecamente descriptiva de cualquier gramática y aquellos aspectos de mayor utilidad para el aprendizaje y el uso de la lengua. De ahí que se hayan seleccionado todos aquellos elementos que puedan apoyar de manera efectiva el aprendizaje en detrimento de la exhaustividad de una gramática propiamente dicha. Esto es por así decir una gramática subrayada.

**Gramática española** Kim Potowski, Naomi Shin, 2024-09-30 Gramática española Variación social presenta conceptos gramaticales claves de la lengua española a los alumnos intermedios y avanzados de una manera que enfatiza las conexiones entre lo social y lo lingüístico. Esta segunda edición ofrece varios puntos de gramática nuevos y sugerencias de lecturas adicionales. Otro componente nuevo de esta edición es el sitio web que incluye actividades y ejercicios que cubren los temas principales del libro de texto. El sitio web también provee amplias oportunidades para practicar las estructuras gramaticales. Este libro de texto que está escrito en español ofrece un repaso de la gramática a través de una presentación de variantes comunes alrededor del mundo hispanohablante seguida por una explicación de las razones sociohistóricas por las cuales algunas variedades llegan a ser consideradas prestigiosas mientras otras no lo son. Utilizando el habla natural a partir de datos de corpora Gramática española examina múltiples rasgos gramaticales que varían según factores como el grupo social y el contexto. Los estudiantes aprenden la terminología especializada para que puedan identificar categorías y construcciones gramaticales acabando con una visión clara de cómo los factores sociolingüísticos influyen en la gramática del español. El libro está diseñado para estudiantes del nivel B1 o más avanzado en el Common European Framework for Languages y del nivel intermedio alto al nivel avanzado alto de la escala de competencia de ACTFL. Gramática española Variación social introduces key grammatical concepts in the Spanish language to intermediate and advanced level learners in a way that emphasizes the connections between the social and the linguistic. This second edition offers several new grammar points and suggestions for further reading. A brand new component of this edition is its accompanying website featuring extensive activities and exercises covering all the main topics in the textbook. The website also provides comprehensive practice with grammatical structures. Written in Spanish, the textbook offers a review of Spanish grammar by presenting documented varieties of linguistic features in the speech of Spanish speakers and underlining the sociohistorical reasons why some varieties come to be considered prestigious while others are not. Using naturally occurring speech from data in research corpora, Gramática española examinates multiple grammatical features that vary depending on factors such as place, social group and situation. Students are introduced to specialized terminology that gives them the ability to identify categories and grammatical constructions providing them with an in-depth understanding of how sociolinguistic factors influence Spanish.
