implications are of choosing one or another approach for a particular museum A major theme of the 2nd edition of The Manual of Museum Learning is museum as connector the ways in which museums are facilitating self directed learning by connecting people with resources Not all will connect audiences with learning vehicles in the same way If museum learning is affective learning then it is the role of the museum to connect its visitors program participants and others who benefit from its knowledge to the learning resources that best suit the institution s strengths and matches them to the learning needs of the museum s audiences By connecting users to the resources they are most interested in or which best suit each individual s particular learning styles museums are at their best when they empower individuals to design their own learning experience in ways that resonate best with each individual
