Federal Aviation Regulations/Aeronautical Information Manual 2014 Federal Aviation Administration, 2013-11-26

If you're an aviator or aviation enthusiast you cannot be caught with an out of date edition of the FAR AIM. In today's environment there is no excuse for ignorance of the rules of the US airspace system. In the newest edition of the FAR AIM all regulations, procedures and illustrations are brought up to date to reflect current FAA data. This handy reference book is an indispensable resource for members of the aviation community as well as for aspiring pilots looking to get a solid background in the rules, requirements and procedures of flight training. Not only does this manual present all the current FAA regulations it also includes a study guide for specific pilot training certifications and ratings, a pilot controller glossary, standard instrument procedures, parachute operations, airworthiness standards for products and parts, The NASA Aviation Safety reporting form, important FAA contact information. This is the most complete guide to the rules of aviation available anywhere. Don't take off without the FAR AIM.
