McLeans University Guide:

Maclean's Guide to Bombay James Mackenzie Maclean, 1875 *Counting Out The Scholars* William Bruneau, Donald C. Savage, Canadian Association of University Teachers, 2002-03-07 Canada's universities have lost their autonomy Under the guise of accountability reformers from government and large corporations have undermined the original purposes of these institutions insisting that they operate according to a business model The chief tool used to effect this change is the performance indicator a method of evaluation and ranking well suited to measuring sales per square foot for example but useless in assessing qualities such as critical thinking creativity and wisdom Evaluating use of performance indicators in Canada the United States United Kingdom and New Zealand the authors challenge readers to look beyond this narrow business based measure of value and to consider more creative and effective methods of evaluation *Counting Out the Scholars* is a penetrating analysis of current methods of performance evaluation in the university one that offers alternatives to the prevailing orthodoxy *The Curiosity of School* Zander Sherman, 2012-08-07 It's one thing we all have in common We've all been to school But as Zander Sherman shows in this fascinating often shocking account of institutionalized education sending your kids off to school was not always normal In fact school is a very recent invention Taking the reader back to 19th century Prussia where generals worried about soldiers troubling individuality sought a way to standardize every young man of military age through to the most controversial debates that swirl around the world about the topic of education today Sherman tells the often astonishing stories of the men and women and corporations that have defined what we have come to think of as both the privilege and the responsibility of being educated Along the way we discover that the SAT was invented as an intelligence test designed to allow the state to sterilize imbeciles that suicide in the wake of disappointing results in the state university placement exams is the fifth leading cause of death in China and that commercialized higher education seduces students into debt as cynically as credit card companies do Provocative entertaining and even educational *The Curiosity of School* lays bare the forces that shape the institution that shapes all of us *Maclean's*, 1961-07 Canada's national magazine *The Transformation of Academic Work* James Goodman, Claire Parfitt, Keiko Yasukawa, 2023-09-19 This book offers a unique grounded analysis of recent crises and transformations in academic work It charts international and Australia based efforts to overcome academic fragmentation and precarity and to advance agendas for the public university It is based on extensive qualitative interviews with academics and managers across several universities in Australia It finds new grounds for universal universities with decent jobs to serve the public good The book is aimed at students and scholars from sociology education politics and industrial relations and a wider readership concerned about the future of universities Analysis centres on a trade union led initiative in Australia aimed at decasualising universities and ensuing debates about the impact of academic fragmentation The authors argue for strengthening the teaching research nexus as the foundation stone for public purpose universities **Norman Maclean's "A River Runs through It"** George H. Jensen, Heidi Skurat

Harris,2024-07-31 Norman Maclean s A River Runs through It The Search for Beauty is the first book length study of Norman Maclean or any of his works Since the publication of A River Runs through It in 1976 readers and critics have considered it to be one of the most carefully crafted stories in American literature in terms of both its structure and its style The beauty of the story came with much hard work This study traces Maclean s revisions through four handwritten drafts and three typescripts quoting extensively from previously unpublished material The analysis of Maclean s composition process lays the foundation for original and detailed discussions of other aspects of Maclean s craft such as his approach to genre and style The study publishes for the first time the complete text of the notes that Maclean wrote after the first draft of A River Runs through It

Rethinking Higher Education George Fallis,2014-01-01 The basic structure of universities and colleges in Ontario one focused primarily on expansion and greater access and put in place in the 1960s is outdated The system is now large enough the eligible age group for entering post secondary studies is shrinking and participation rates are as high as they are likely to go In Rethinking Higher Education George Fallis argues that policy makers should shift their attention away from growth and towards improving and diversifying the range of programs available and creating new means of program delivery He calls for increases in honours undergraduate programs and polytechnic education and envisions a group of research intensive

universities responsible for doctoral education The existing design Fallis contends neglects the specific needs of graduate education and research layering it on top of a system designed for undergraduate education In addition there is disconnection between Ontario's Ministry of Training Colleges and Universities and the research missions of the universities and colleges themselves Fallis recommends that Ontario establish a system for documenting and assessing the quality of research published at universities Thought provoking and thoroughly argued Rethinking Higher Education provides a detailed design for higher education in the twenty first century *Missing Pieces V: An alternative Guide to Canadian Post-Secondary Education* Denise Doherty-Delorme, 2004 *Analyse de Politiques*, 2005 *What Is a Canadian?* Irvin Studin, 2009-02-24 Each of these essays begins with the words A Canadian is Each one is very different producing a fascinating book for all thinking Canadians Irvin Studin is an idealistic young Canadian who wanted to do something extraordinary for his country So he decided to approach leading Canadians he calls them sages to tell us what they believe defines us The people who responded eagerly to produce an essay of 1 500 to 2 000 words are in his words all distinguished Canadian thinkers and achievers from all walks of life politics the civil service academia literature journalism business the arts from both official language groups and from all regions of the country as well as from the Canadian diaspora The strength of this book lies in the contributors listed in the sidebar The variety ranges from the funny A Canadian is someone who crosses the road to get to the middle Allan Fotheringham through the hostile the citizen of a country badly in need of growing up William Watson through the surprising adaptable To illustrate consider the depth and breadth of the Canadian woman's wardrobe Jennifer Welsh or celebratory a wonderful thing to be Bob Rae A Canadian is certain to find this book fascinating Contributors Allan Fotheringham Thomas Homer Dixon Roch Carrier Jake MacDonald George Elliott Clarke Margaret MacMillan Thomas Franck Rosemarie Kuptana Gerald A Beaudoin Peter W Hogg George Bowering Christian Dufour Paul Heinbecker Mary Ellen Turpel Lafond John C Crosbie Audrey McLaughlin Roy MacGregor Charlotte Gray Hugh Segal Janet McNaughton Sujit Choudhry Aritha van Herk L Yves Fortier Catherine Ford Mark Kingwell Silver Donald Cameron Guy Laforest Maria Tippett E Kent Stetson Louis Balthazar Joy Kogawa Wade MacLaughlan Douglas Glover Lorna Marsden Saeed Rahnama Denis Stairs Valerie Haig Brown Guy Saint Pierre William Watson Doreen Barrie Jennifer Welsh Bob Rae **The Maclean's Guide to Universities** Ann Dowsett Johnston, Victor Dwyer, Peeter Kopvillem, 1996 **Canadian Business**, 2006 *Maclean's Companion to Canadian Arts and Culture* Tom Henighan, 2000 This eclectic provocative and comprehensive guide surveys Canadian creators and their creations in every cultural medium Cultural critic Tom Henighan introduces each subject with a thought provoking essay on the state of the art at the turn of the millennium adding lists of his own best choices such as 16 Indispensable Canadian Films and Notable Examples of Canadian Architecture Contact details and resumes for major artistic companies and institutions in each province are listed Juno Genie Gemini Jessie Governor General and other award winners are also listed year by year An indispensable reference a basic primer an informed

assessment of the arts in Canada this is the book for anyone who cares about Canadian culture Leadership Under Fire
Ross H. Paul, 2011 While the role of the university president has evolved dramatically in recent years the recruitment pool and selection process have changed little since the 1960s In Leadership Under Fire Ross Paul combines leadership theory interviews with eleven of Canada's most successful presidents and thirty five years of personal experience to shed light on the complexity and importance of leading a university and identifies some of the critical challenges and opportunities facing Canadian universities today Paul illuminates some of the ways in which Canadian universities are unique and uses these differences to make clear the importance of organizational cultural and institutional fit for leaders confronting critical academic issues such as academic leadership and accountability student success and support university funding and fund raising strategic planning government and community relations and internationalism His analysis reaffirms some long standing practices while arguing that changes are badly needed in others While much has been written about university leadership elsewhere Leadership Under Fire focuses on Canada and some of the men and women who have made a real difference to the quality of its post secondary institutions Paul builds on their stories to offer useful perspectives and advice at a time when the quality of universities was never more critical to the country's economic social and political success
