Teaching Numeracy Margie Pearse, K. M. Walton, 2011-03-23 Margie Pearse and Katie Walton have given us a rich treasury of research based best math practices This book offers practical engaging numeracy strategies to support our struggling students and sets the bar high for our advanced young mathematicians Mary Dunwoody Director of Secondary Curriculum and Professional Development Southeast Delco

School District Folcroft PA Transform mathematics learning from doing to thinking Do some of your students arrive at wildly wrong answers to mathematical problems but have no idea why If so they are not alone Many students lack basic numeracy the ability to think through the math logically solve problems and apply math outside the classroom This book outlines nine critical thinking habits that foster numeracy and details practical ways to incorporate those habits into instruction Referencing the new common core standards NCTM standards and established literacy practices the authors include How Can I Do This in My Math Class Tomorrow applications throughout the book that shows you how to Monitor and repair students understanding Represent mathematics nonlinguistically Develop students mathematics vocabulary Create numeracy rich lesson plans Teaching Numeracy will help you move your students from simply doing the math to a deeper understanding of how to think through the math *Helping Children Learn Mathematics* Robert Reys, Mary Lindquist, Diana V. Lambdin, Nancy L. Smith, 2014-10-20 The 11th Edition of *Helping Children Learn Mathematics* is designed to help those who are or will be teachers of mathematics in elementary schools help children develop understanding and proficiency with mathematics so they can solve problems This text is built around three main themes helping children make sense of mathematics incorporating practical experiences and using research to guide teaching It also integrates connections and implications from the Common Core Standards Mathematics CCSS M *Comparison Girl* Shannon Popkin, 2020-05-19 Women compare constantly on social media in their neighborhood at church even in the school drop off lane They glance sideways and ask themselves How do I measure up All this assessment feels like a natural way of finding a place in the world But it pulls them into feelings of inferiority or superiority guiding them into a trap of antagonism by the enemy Satan would like women to strive to measure up constantly adding to a tally sheet that can't ever be balanced The way of Jesus is completely upside down from that philosophy Instead he says the last shall be first and the greatest are those who empty themselves lay down their lives and serve each other Through conversations Jesus had and parables he shared Shannon Popkin has created a seven week Bible study to address this tendency to compare and judge ourselves and others Each chapter is divided into lessons allowing women on a time budget to read a Bible passage engage in a complete train of thought related to the topic and then make the content personal all in one sitting And the informal teaching tone will make women feel like they're meeting with a trusted friend Suited for both individual and group study *Comparison Girl* will guide women to leave their measure up ways behind connect with those around them and break free from the shackles of comparison
