Smart Solutions for a Sustainable Future Mihail Busu, 2025-03-07. This book presents a selection of the best papers from the 18th International Conference on Business Excellence Smart Solutions for a Sustainable Future ICBE 2024 held in Bucharest, Romania, in March 2024. In today's rapidly evolving landscape, characterized by volatility, uncertainty, complexity, and ambiguity (VUCA), the need to reshape business practices is of major importance. The book gathers research findings and perspectives on the new challenges, particularly in the field of digital economy and research systems. It focuses on the realignment of organizations and research systems, offering valuable insights into the context of global crises and providing solutions to the real challenges we are facing today.

The Small Nation Solution John H. Bodley, 2013-05-16. In *The Small Nation Solution*, eminent anthropologist John H. Bodley argues that the contemporary global problems of poverty, conflict, and environmental degradation are problems of scale and power. Bodley's solution involves keeping nations small so as to limit the power of elite directors. It is a simple idea with profound implications. He spotlights successful small nations around the world as the best working models of sustainable sociocultural systems and shows how these diverse small nations can be the building blocks of a transformed global system that could save the world.

Global Trends of Modernization in Budgeting and Finance Ushakov, Denis, 2018-11-30. Traditional financial markets are the most important lever of social and economic impact that can effectively regulate markets, industries, national economies, and international economic interactions and form global and deeply integrated economic systems. Due to the global spread of financial instability and waves of financial crises, the problems of researching effective financial instruments to ensure national competitiveness become highly significant. *Global Trends of Modernization in Budgeting and Finance* is a pivotal reference source that provides vital research on the impacts of financial globalization in the context of economic digitalization and national financial markets. While highlighting topics such as entrepreneurship, international business, and socio-economic development, this publication explores modern conditions of rapid technological progress and financial market integration, as well as the methods of increasing regional intergovernmental organization efficiency. This book is ideally designed for policymakers, financial analysts, researchers, academicians, graduate-level students, business professionals, entrepreneurs, scholars, and managers seeking current research on new challenges and developments in national financial markets.
