About the Novel *Seedfolks* follows the intertwining stories of several neighbors as they break down barriers and form a community. A vacant lot in Cleveland, Ohio, is not the perfect spot for Kim to plant her lima beans. It's too cold and there's not very much sun. She does this anyways in honor of her father. Little does she know that this action will intrigue the neighbors she knows only as strangers and cause a ripple effect throughout the neighborhood. Each chapter follows a different neighbor and their personal journey that brought them to this vacant lot. People of varying ages, genders, races, and religions come together with a shared goal of growing their item of choice. Some want to start a business while others want to win back a lost love. The garden blooms from a segregated group of individual plots into a real community as people's guards are lowered and they begin to really know one another. When the season ends, only time will tell whether this new community will thrive. *Esperanza Rising* Holt Rinehart & Winston, 2002-01-01
