[The 9/11 Mystery Plane](#), 2008-09-01 Unlike other accounts of the historic attacks on 9/11 this discussion surveys the role of the world's most advanced military command and control plane the E 4B in the day's events and proposes that the horrific incidents were the work of a covert operation staged within elements of the U.S. military and the intelligence community Presenting hard evidence in the form of proprietary photos taken from raw footage filmed by CNN the account places the world's most advanced electronics platform circling over the White House at approximately the time of the Pentagon attack The argument offers an analysis of the new evidence within the context of the events and shows that it is irreconcilable with the official 9/11 narrative
