Spirituality in Young Adult Literature Patty Campbell,2015-06-24 In a time when almost any gritty topic can be featured in a young adult novel there is one subject that is avoided by writers and publishers Faith and belief in God seldom appear in traditional form in novels for teens The lack of such ideas in mainstream adolescent literature can be interpreted by teens to mean that these matters are not important Yet a significant part of growing up is struggling with issues of spirituality The underlying problem of course is that there are so few writers who are willing to talk to teenagers about God even indirectly or who themselves have the religious literacy for the task

Spirituality in Young Adult Literature The Last Taboo tackles a subject rarely portrayed in fiction aimed at teens In this volume Patty Campbell examines not only realistic fiction but young adult literature that deals with mysticism apocalyptic end times and even YA novels that depict the Divine Encounter Campbell maintains that fantasy works are inherently spiritual because the plots nearly always progress toward a showdown between good and evil As such the author surmises that the popularity of fantasy among teens may represent their interest in the mystical dimensions of faith and the otherworldly In this study Campbell examines works of fiction that express perspectives from Christianity Judaism Islam Buddhism Hinduism and Sikhism Distinguished YA novelist Chris Crowe provides a chapter on Mormon values and Mormon YA authors and how their novels integrate those values into their books By looking at how spirituality is represented in novels aimed at teens this book asks what progress if any has been made in slaying the taboo Although most of the books discussed in this study are recent an appendix lists YA books from 1967 to the present that have dealt with issues of faith A timely look at an important subject Spirituality in Young Adult Literature will be of interest to

young adult librarians junior and senior high school teachers and students and instructors of college courses in adolescent literature as well as to parents of teens

Perils of Protection Susan Honeyman, 2018-12-18 Winner of the Children's Literature Association's 2020 Honor Book Award Unrecognized in the United States and resisted in many wealthy industrialized nations children's rights to participation and self-determination are easily disregarded in the name of protection In literature the needs of children are often obscured by protectionist narratives which redirect attention to parents by mythologizing the supposed innocence victimization and vulnerability of children rather than potential agency In *Perils of Protection: Shipwrecks, Orphans, and Children's Rights* author Susan Honeyman traces how the best of intentions to protect children can nonetheless hurt them when leaving them unprepared to act on their own behalf Honeyman utilizes literary parallels and discursive analysis to highlight the unchecked protectionism that has left minors increasingly isolated in dwindling social units and vulnerable to multiple injustices made possible by eroded or unrecognized participatory rights Each chapter centers on a perilous pattern in a different context: women and children, first rescue hierarchies, geographic restriction, abandonment, censorship, and illness Analysis from adventures real and fictionalized will offer the reader high jinx and heroism at sea, the rush of risk-finding new families, resisting censorship through discovering shared political identity and breaking the pretenses of sentimentality

Mortality in the novel "The Fault in Our Stars" by John Green. An exploration of the theme with reference to the cancer patients Hazel Grace and Augustus Waters Rahul

Gautam, 2016-08-23 Essay from the year 2015 in the subject English Language and Literature Studies Literature course IB English language English abstract The Fault In Our Stars is a tragic love story that deals with the sufferings and deaths of cancer patients John Green borrows the title of the story from Shakespeare's Julius Caesar wherein Cassius says The fault dear Brutus is not in our stars but in ourselves that we are underlings But contrary to what Cassius says this story establishes the conundrum that we are helpless before our destiny In Green's novel Hazel and Augustus are lovers not unlike Antony and Cleopatra and Romeo and Juliet But what separates them from the legendary lovers is the fact that they are born with cancer in their cells Their story although of great love and compassion will not be written in the pages of history
