FEMA s Community Emergency Response Team CERT Basic Training Instructor Guide is a critical program in the effort to engage everyone in America in making their communities safer more prepared and more resilient when incidents occur Community based preparedness planning allows you and others interested from your community to prepare for and respond to anticipated disruptions and potential hazards following a disaster As individuals we can prepare our homes and families to cope during that critical period Through pre event planning neighborhoods and worksites can also work together to help reduce injuries loss of lives and property damage Neighborhood preparedness will enhance the ability of individuals and neighborhoods to reduce their emergency needs and to manage their existing resources until professional assistance becomes available The purpose of the CERT Basic Training is to provide you and others in your community who complete this course with the basic skills that they will need to respond to their community s immediate needs in the aftermath of a disaster when emergency services are not immediately available This course will be beneficial to individuals who desire the skills and knowledge required to prepare for and respond to a disaster Instructors for these community courses usually range from skilled fire and rescue instructors that have completed the CERT Train the Trainer course and are knowledgeable about the CERT model different types of hazards that present greatest risks for communities local building structures that may present greatest hazard in disaster events community s emergency operation plans and licensed Paramedics or Emergency Medical Technicians and nurses for providing hands on knowledge relating to disaster medical operations Related items FEMA s companion product CERT Basic Training Participant Manualcan be found here <https://bookstore.gpo.gov/products/sku/027-002-00627-5> Emergency Management First Responders publications can be found here <https://bookstore.gpo.gov/catalog/security-defense-law-enforcement/emerg> Audience As each CERT is organized and trained in accordance with standard operating procedures developed by the sponsoring agency its members select an Incident Commander Team Leader IC TL and an alternate and identify a meeting location or staging area to be used in the event of a disaster This publication is ideal for the chosen IC TL and members of the CERT may want to consult this manual to understand the responsibilities of the IC TL

Emergency Management and Tactical Response Operations Thomas D. Phelan,2011-04-08 Is emergency management education undoing an age old tradition in the American Fire Service Has the time arrived to educate emergency managers in college classrooms rather than in twenty years of tactical operations experience Over one hundred forty three 143 institutions of higher education are now offering certificate or degree programs in emergency management with no tactical operations experience required for admission Resistance by veteran law enforcement officers and fire fighters may have to be overcome if we are to prepare emergency managers with required skill sets Dr Tom Phelan explores the skills

being taught to emergency management students and addresses the concerns of experienced first responders in accepting their leadership Discusses the value of emergency management education in the post 9 11 world Makes clear the need for educating emergency managers to prepare them for emergency manager leadership Helps bridge the gap between emergency management and first responders Should be required reading in every college emergency management curriculum The book is clear concise and an easy read Illinois Interchange ,2004 *Emergency Management Compliance Manual* Thomas J. Huser,2008-10-28 Emergency Management Compliance Manual A Guide to the Joint Commission Standards Thomas J Huser MS CHSP Over the last decade catastrophic events such as 9 11 and Hurricane Katrina have turned the spotlight on how healthcare organizations prepare for disasters Today from tornados and power outages to pandemic flu the pressure is on safety officers and emergency management coordinators to protect their facility staff and patients from emergencies no matter what the size The Joint Commission s emergency management standards require hospitals not only to be prepared to protect their facility staff and patients but also to demonstrate compliance The Emergency Management Compliance Manual A Guide to the Joint Commission Standards helps you cut through the confusion and provides best practices to help you meet these provisions The Emergency Management Compliance Manual helps you to Develop emergency management and operations plans that work e g EM 01 01 01 and EM 02 01 01 Define an emergency and complete a hazard vulnerability analysis e g EM 01 01 01 Address The Joint Commission s six critical areas e g EM 02 01 01 through EM 02 02 15 Understand disaster privileging and assigning responsibilities during an emergency e g EM 02 02 13 and EM 02 02 15 Evaluate the effectiveness of your planning e g EM 03 01 01 and EM 03 01 03 Recognize hotspots and take action before they happen This manual and CD ROM set has the answers you need to be prepared for the challenges that lie ahead Trusted safety professional and author Thomas J Huser MS CHSP strategically provides compliance tips and advice for emergency management compliance success Safety officers and emergency management coordinators alike use this reference on a daily basis to create policies and procedures to comply with Joint Commission requirements Bonus CD ROM included with your binder The accompanying CD ROM contains electronic versions of all the forms and tools making it easy to download and customize them to meet your facility s unique needs A customizable tool that you ll refer to daily This manual is packaged in a portable 10 x 11 binder making it easy to snap it open and add your own documents and policies
