## **Female Guide Chastity Security:**

*The Great Guide* Julian Baggini, 2022-08-23 Invaluable wisdom on living a good life from one of the Enlightenment's greatest philosophers David Hume 1711-1776 is perhaps best known for his ideas about cause and effect and his criticisms of religion but he is rarely thought of as a philosopher with practical wisdom to offer Yet Hume's philosophy is grounded in an honest assessment of nature human nature in particular The Great Guide is an engaging and eye-opening account of how Hume's thought should serve as the basis for a complete approach to life In this enthralling book Julian Baggini masterfully interweaves biography with intellectual history and philosophy to give us a complete vision of Hume's guide to life He follows Hume on his life's journey literally walking in the great philosopher's footsteps as Baggini takes readers to the places that inspired Hume the most from his family estate near the Scottish border to Paris where as an older man he was warmly embraced by French society Baggini shows how Hume put his philosophy into practice in a life that blended reason and passion study and leisure and relaxation and enjoyment The Great Guide includes 145 Humean maxims for living well on topics ranging from the meaning of success and the value of travel to friendship facing death identity and the importance of leisure This book shows how life is far richer with Hume as your guide

### **Religion, Law and Security in Africa**

Christian Green, T Jeremy Gunn, Mark Hill, 2018-05-16 Security is a key topic of our time But how do we understand it Do law and religion take different views of it In this fifth volume in the Law and Religion in Africa series radicalisation terrorism blasphemy hate speech religious freedom and just war theories rub shoulders with issues of witchcraft female genital mutilation circumcision child marriage displaced communities and additional issues besides This unique collection of topics is both challenging and inspiring providing illumination in troubled times and forming a sound foundation for future scholarship

Development In Modern Africa Martin S. Shanguhya, Toyin Falola, 2019-10-08 Development in Modern Africa Past and Present Perspectives contributes to our understanding of Africa's experiences with the development process It does so by adopting a historical and contemporary analysis of this experience The book is set within the context of critiques on development in Africa that have yielded two general categories of analysis skepticism and pessimism While not overlooking the shortcomings of development the themes in the book express an optimistic view of Africa's development experiences highlighting elements that can be tapped into to enhance the condition of African populations and their states By using case studies from precolonial colonial and postcolonial Africa contributors to the volume demonstrate that human instincts to improve material social and spiritual worlds are universal They are not limited to the Western world which the term and process of development are typically associated with Before and after contact with the West Africans have actively created institutions and values that they have actively employed to improve

individual and community lives This innovative spirit has motivated Africans to integrate or experiment with new values and structures challenges and solutions to human welfare that resulted from contact with colonialism and the postcolonial global community The book will be of interest to academics in the fields of history African studies and regional studies     **The Nature of Woman** Mary Anne Warren,1980 This book attempts to bring together in one volume an overview of the considerable literature particularly from philosophy and the social sciences on the nature of woman It provides introductions to the arguments and conclusions about this topic of a wide range of Western thinkers from Plato Aristotle and the authors of Genesis to the feminists and antifeminists of the 1970s Each has presented original or influential theories on some or all of the following issues 1 moral psychological theological and other intrinsic differences between women and men apart from the obvious biological ones 2 causal explanations of sex dominance where it occurs 3 the moral implications of sex roles and the moral aspects of other issues of special relevance to women e g abortion and 4 possible means of engineering social change with respect to sex roles     **The Lady's Present to the Fair Sex: Being an Infallible Guide for Their Happy Deportment Thro'every Stage of Life. *The Biopolitics of Lifestyle* Christopher Mayes,2015-12-22 A growing sense of urgency over obesity at the national and international level has led to a proliferation of medical and non medical interventions into the daily lives of individuals and populations This work focuses on the biopolitical use of lifestyle to govern individual choice and secure population health from the threat of obesity The characterization of obesity as a threat to society caused by the cumulative effect of individual lifestyles has led to the politicization of daily choices habits and practices as potential threats This book critically examines these unquestioned assumptions about obesity and lifestyle and their relation to wider debates surrounding neoliberal governmentality biopolitical regulation of populations discipline of bodies and the possibility of community resistance The rationale for this book follows Michel Foucault s approach of problematization addressing the way lifestyle is problematized as a biopolitical domain in neoliberal societies Mayes argues that in response to the threat of obesity lifestyle has emerged as a network of disparate knowledges relations and practices through which individuals are governed toward the security of the population s health Although a central focus is government health campaigns this volume demonstrates that the network of lifestyle emanates from a variety of overlapping domains and disciplines including public health clinical medicine media entertainment school programs advertising sociology and ethics This book offers a timely critique of the continued interventions into the lives of individuals and communities by government agencies private industries medical and non medical experts in the name of health and population security and will be of interests to students and scholars of critical international relations theory health and bioethics and governmentality studies

Practising shame Mary C. Flannery,2019-11-01 Practicing shame investigates how the literature of medieval England encouraged women to safeguard their honour by cultivating hypervigilance against the possibility of sexual shame A combination of inward reflection and outward comportment this practice of shamefastness was believed to reinforce women s chastity of mind and body and to

communicate that chastity to others by means of conventional gestures The book uncovers the paradoxes and complications that emerged from these emotional practices as well as the ways in which they were satirised and reappropriated by male authors Working at the intersection of literary studies gender studies and the history of emotions it transforms our understanding of the ethical construction of femininity in the past and provides a new framework for thinking about honourable womanhood now and in the years to come Guidelines for Parents and Educators Jane M. Kiura,1999

*Gender in Medieval Culture* Michelle M. Sauer,2015-09-24 Gender in Medieval Culture provides a detailed examination of medieval society's views on both gender and sexuality and shows how they are inextricably linked Sex roles were clearly defined in the medieval world although there were exceptions to the rules and this book examines both the commonplace world view and the exceptions to it The volume looks not only at the social and economic considerations of gender but also the religious and legal implications arguing that both ecclesiastical and secular laws governed behaviour The book covers key topics including femininity and masculinity and how medieval society constructed these terms sexuality and sex transgressive sexualities such as homosexuality adultery and chastity and the gendered body of Christ including the idea of Jesus as mother and affective spirituality Using a clear chapter structure for easy navigation and categorisation as well as a glossary of terms the book will be a vital resource for students of medieval history **Framing Medieval Bodies** Sarah Kay,Miri Rubin,1996 In this book available at last in paperback Kauppi develops a structural constructivist theory of the European Union and critically analyses through French and Finnish empirical cases the political practices that maintain the Union's democratic deficit Kauppi conceptualises the European Union as both an arena for political contention and a nascent political order In this evolving multi levelled European political field individuals and groups construct material and symbolic structures of political power grounded in a variety of social resources such as nationality culture and gender The author shows how the dominance of both executive political resources and domestic political cultures has prevented the development of European democracy Supranational executive networks have become more autonomous reinforcing the dominance of the resources they control At the same time national political cultures condition the political status of elected institutions such as the European parliament The book is particularly suited for undergraduate and graduate students in the fields of European Politics European Union Studies and International Relations **Resources in Education** ,1993 *The European Magazine and London Review*, by the Philological Society of London ,1792 The European Magazine, and London Review ,1792
