medicine is practised in a secular setting religious and spiritual issues have an impact on patient perspectives regarding their health and the management of any disorders that may afflict them This is especially true in psychiatry as feelings of spirituality and religiousness are very prevalent among the mentally ill Clinicians are rarely aware of the importance of religion and understand little of its value as a mediating force for coping with mental illness This book addresses various issues concerning mental illness in psychiatry the relation of religious issues to mental health the tension between a theoretical approach to problems and psychiatric approaches the importance of addressing these varying approaches in patient care and how to do so and differing ways to approach Christian Muslim and Buddhist patients **Handbook of**

Kenya Egerton has a long and colourful history but like all the other universities it has suffered from the political economic and financial challenges of the time especially since the double intake of the 1990s Chapter One provides the required background to the study highlighting agricultural and educational policies and steering away from the Happy Valley hype so characteristic of the period The reader will learn about the Egerton family in Chapter Two and particularly about Lord Egerton himself and the colonial circumstances within which he lived The chapter dispels some of the popularly held myths about him Chapter Three deals with the beginnings of the college and the various structural and curriculum experiments tried out and the kind of enrolment and students it experimented with as an all white establishment The chapter ends with Africans beginning to agitate for change With great attention to detail the later chapters put the university in a broader local and international context thereby increasing its relevance to society A History of Egerton University though heavily footnoted and with a detailed bibliography is written in a simple easy flowing and accessible style *Guide to Graduate Departments of Sociology* ,1993
