Perspectives on Community-Based Corrections Justin C. Medina, Jillian L. Eidson, 2024 A concise introductory text for students wishing to gain insight on the complexities of community based corrections *Evidence-based Investigative Interviewing* Jason J. Dickinson, Nadja Schreiber Compo, Rolando Carol, Bennett L. Schwartz, Michelle McCauley, 2019-02-21 For as long as we have been researching human memory psychologists have been investigating how people remember and forget This research is regularly drawn upon in our legal systems Historically we have relied upon eyewitness memory to help judge responsibility and adjudicate truth but memory is malleable prone to error and susceptible to bias Even confident eyewitnesses make mistakes and even accurate witnesses sometimes find their testimony subjected to harsh scrutiny Emerging from this environment the Cognitive Interview CI became a means of assisting cooperative witnesses with recalling more information without sacrificing accuracy First used by police interviewing adult witnesses it is now used with many populations in many contexts including public health accident reconstruction and the interrogation of terror suspects Evidence Based Investigative Interviewing reviews the application of cognitive research to investigative interviewing revealing how principles of cognition memory and social dynamics may increase the accuracy of eyewitness testimony It provides evidence based applications for investigators beyond the forensic domain in areas such as eyewitness identification detecting deception and interviewing children Drawing together the work of thirty three authors across both the academic and practice communities this comprehensive collection is essential reading for researchers in psychology forensics and disciplines such as epidemiology and gerontology Correctional Counseling and Treatment Peter C. Kratcoski, 2017-04-27 This book provides a comprehensive overview of the methods used in the Criminal Justice system in the United States to counsel and treat offenders It is aimed at advanced undergraduate and early graduate level students for courses in Correctional Treatment or Rehabilitation or Community Corrections more broadly The sections in the book provide Aims and Scope of Correctional Counseling and Treatment Tools that Corrections Workers Use including counseling and case management Behavioral Modification Treatments Examples and Applications Cognitive Therapies Examples and Applications Throughout the text there is an emphasis on the big picture the interaction of the correctional component of the justice system with other components particularly courts including special courts like family courts drug courts veterans courts and other programs Chapters in this book address the diverse population of correctional facilities including juvenile offenders those with mental illness addiction and substance abuse problems physical and mental disabilities and homeless populations The author also provides analysis of how legislation influences the corrections process This work is also enhanced by providing comparative analysis of the criminal and juvenile justice systems their goals objectives and how these can affect counseling and treatment available within these two systems This pedagogical features of this engaging text include excerpted interviews with correctional practitioners about the problems and challenges they encounter discussion questions

Justice Settings Michael G. Vaughn, Carrie Pettus-Davis, Jeffrey J. Shook, 2012-09-01 There has been a surge of recent interest by social work researchers in conducting research in criminal and juvenile justice settings This is largely fueled by the tremendous increase in incarceration over the last several decades with millions more in probation or parole at any given time Rising expenditures strain state and local budgets and many individuals are spending much of their adolescence and young adulthood in correctional facilities Despite the profound impact that the criminal justice system has on client populations served by social workers and related professions there are few practical resources available to guide research in these settings This Pocket Guide fills a critical gap in the literature by providing state of the art techniques for researchers graduate students and agency administrators Research in criminal justice settings represents unique challenges that require rigorous designs and a suite of methods as well as the tools to navigate a complex system With this accessible and practical guide readers will encounter a wide range of study types and data sources along with strengths and weaknesses to consider with each as they conceptualize implement and analyze their research Crucially the authors also provide advice on how to gain and manage access to these settings as well as templates for preparing a successful Institutional Review Board application Step by step procedures elucidate the use of extant and administrative data and practical case examples sample forms and measures will help researchers implement their studies quickly and effectively **Children's drawings:**

Evidence-based research and practice Matteo Angelo Fabris, Monica Shiakou, Claudio Longobardi, Christiane Lange-Küttner, 2023-08-24 **Handbook on Moving Corrections and Sentencing Forward** Pamela K. Lattimore, Beth M. Huebner, Faye S. Taxman, 2020-11-10 This volume addresses major issues and research in corrections and sentencing with the goal of using previous research and findings as a platform for recommendations about future research evaluation and policy The last several decades witnessed major policy changes in sentencing and corrections in the United States as well as considerable research to identify the most effective strategies for addressing criminal behavior These efforts included changes in sentencing that eliminated parole and imposed draconian sentences for violent and drug crimes The federal government followed by most states implemented sentencing guidelines that greatly reduced the discretion of the courts to impose sentences The results were a multifold increase in the numbers of individuals in jails and prisons and on community supervision increases that have only recently crested There were also efforts to engage prosecutors and the courts in diversion and oversight including the development of prosecutorial diversion programs as well as a variety of specialty courts Penal reform has included efforts to understand the transitions from prison to the community including federal led efforts focused on reentry programming Community corrections reforms have ranged from increased surveillance through drug testing electronic monitoring and in some cases judicial oversight to rehabilitative efforts driven by risk and needs assessment More recently the focus has included pretrial reform to reduce the number of people held in jail pending trial efforts that have brought attention to the use of bail and its disproportionate impact on people of color and the poor This

Transitioning from a Theological College to a Christian University Semeon Mulatu, 2017-10-14 The decision for ministerial training institutions to become broader educational institutions that offer courses outside the traditional areas of theology is certainly not unique to a specific geographical context While there are many examples of notable institutions making this transition in North America and Europe very little reflection has been carried out in the global south In this book Dr Semeon Mulatu looks to institutions in Kenya Ethiopia Uganda and the Democratic Republic of Congo that have completed or embarked upon the journey to university status The study explores the motivations of educational leaders in pursuing such a transition as well as the impact it has had or will have on the continued theological education and Christian mission of the institution Here you will find answers to key questions such as What is lost and gained by a seminary becoming a university What are the challenges along the road Is it all worth it in the end

Meaningful Care J. Stolk, Theo A. Boer, R. Seldenrijk, 2013-03-14 It is crucial for the quality of care of people with mental retardation that care providers experience their work as meaningful A complexity however is the fact that this care is divided amongst a range of professions This book addresses issues of meaning meaning of care and meaning of life from all the different professional perspectives involved Such a multidisciplinary approach is unique and has never before been followed The book contains the results of a series of interviews in which parents of people with mental retardation were asked what they conceive to be meaningful care The results are placed in relation to experiences and conceptions of professional caregivers Moreover the study analyzes the cultural philosophical and theological significance of the concept meaningful care Finally the book explores the relevance of this concept for practical professions such as medical care social work educational psychology pedagogic counseling and pastoral care Scholarly depth is combined with experiential knowledge of professional practice Hence this book is an outstanding source of reflection for all those who work professionally with people with mental retardation
