disruption and addresses the paradigm shift in management science incurred by the digital transformation towards the digitalized economy Covering a range of important topics such as cultural economy online consumer behavior sustainability and social media this major reference work is crucial for managers business owners researchers scholars academicians practitioners instructors and students **Monthly Catalogue, United States Public Documents** ,1978 *Guide to*

Producing National Health Accounts World Bank,World Health Organization,United States. Agency for International Development,2003 National health accounts are a key practical tool for policy makers interested in evaluating and restructuring their nation s health care financing and assessing financial interventions to improve people s health This publication provides guidance in developing socioeconomic information to help establish a framework for national health accounts including defining health expenditure acquiring and evaluating data non survey data sources using surveys estimation procedures and financing agents **Agricultural mechanization policy options in Rwanda** Takeshima,

Hiroyuki,Benimana, Gilberthe,Spielman, David J.,Warner, James,2024-05-13 This paper summarizes general demand and supply side issues for agricultural mechanization based on recent studies that focus on experiences and evidence from both Africa and Asia The paper provides typologies of agricultural mechanization in Rwanda along with policy options within the context of its current mechanization support strategies Provincial variations in agroecology and cropping systems irrigated rainfed systems farm size and labor use intensity among other factors characterize the key types of mechanization use in Rwanda Support for mechanization in Rwanda can be broadly tailored to a irrigated medium scale farmers in the Eastern province and Kigali b rainfed medium scale farmers in the Eastern and Southern provinces c rainfed small scale highland farmers in the Northern province and d irrigated small scale farmers in the Western province Recent experiences in other countries with rugged terrain and smallholder farming systems similar to Rwanda suggest that significant growth in the use of tractors is possible in the medium term among smallholders cultivating rainfed maize and legumes in addition to irrigated rice However farm wages may still be too low in Rwanda and tractor hiring fees may still be too high to induce a shift to mechanization in the short term Therefore it may be advisable for policy support for mechanization to focus on improving the understanding of mechanization needs among each type of farmers identified knowledge of suitable machines and required skills for their operations and maintenance Such efforts should also balance the need to develop competitive markets and supply networks for promising machines parts and repair services at a viable and integrated market scale Jet ,1962-08-30
