On Target Richard G. Davis, 2002 *Advise and Dissent* is the personal odyssey of James Abourezk from his coming of age as the son of Lebanese immigrants in South Dakota through his hardscrabble days as a farmhand bartender bouncer and cook to his entrance into and voluntary exit from the U S Senate His is a quintessentially American story that entertains as it challenges the thinking of our nation Abourezk refused to compromise his beliefs He championed Native American self determination and demanded the creation of a Palestinian state He challenged the flow of special interest money through political action committees and tried to overthrow the structure that keeps small farmers in an economic stranglehold His memoir takes the reader on a remarkable and wise tour through the corridors of power At a time of waning public confidence in government he makes us realize the importance of participatory democracy **The Marketing of World War II in the US, 1939-1946** Albert N. Greco, 2020-06-10 From the late 1930s until December 7 1941 isolationism and an antipathy toward war in Europe were strong political currents in the US However once the US entered World War II the entire apparatus of the US government was mobilized to market the war to Americans who were incredulous and horrified about the attack at Pearl Harbor Americans wanted immediate and detailed information from the US government and the nation's media and entertainment companies about the recent military disasters This book analyzes the complex relationships between the US government and the entire media and entertainment industries between 1939 and 1946 The US government realized in early 1942 that it needed to forge an alliance with the media and entertainment industries to create and maintain support for the war The Office of War Information OWI was the US government agency acting as the liaison between Washington and the diverse media and entertainment industries and all of them confronted a series of major issues and concerns to convince Americans to support the war effort This book offers business historians an examination of the complex and sometimes tense relationships between the OWI and the radio magazine newspaper and motion picture industries *On target : organizing and executing the strategic air campaign against Iraq* , **Military Review** , 2006 **Catalog of Copyright Entries.
