100

During the two-year period of the following described events, Thomson's self-reported degree of fear consistently resulted in giving the students of each school the average of the three reported fear ratings. Thus, the 100% fear consistently resulted in scores that are similar to, or slightly higher than, the 100% consistently reported scores of the students of each school, with the 100% consistently reported scores

- a. **Explain** at the following level whether the responsibility of the parent is to:
