Picturing Canada Gail Edwards, Judith Saltman, 2014-07-31 The study of children's illustrated books is located within the broad histories of print culture publishing the book trade and concepts of childhood An interdisciplinary history *Picturing Canada* provides a critical understanding of the changing geographical historical and cultural aspects of Canadian identity as seen through the lens of children's publishing over two centuries Gail Edwards and Judith Saltman illuminate the connection between children's publishing and Canadian nationalism analyse the gendered history of children's librarianship identify changes and continuities in narrative themes and artistic styles and explore recent changes in the creation and consumption of children's illustrated books Over 130 interviews with Canadian authors illustrators editors librarians booksellers critics

and other contributors to Canadian children's book publishing document the experiences of those who worked in the industry. An important and wholly original work, *Picturing Canada* is fundamental to our understanding of publishing history and the history of childhood itself in Canada. CM, 1991. *A Child Went Forth* Janine Chappell Carr, 1999. I am convinced children love to learn regardless of their circumstances. So says the author of this inspirational new book. But when those circumstances include large classrooms of multiethnic multilingual children from low socioeconomic backgrounds, not to mention the difficulties of controversial state curriculum frameworks and restricted budgets, how can a teacher effectively nurture that inherent love of learning? This was the dilemma Janine Chappell Carr confronted teaching language arts to first and second graders in southern California. The solutions she discovered may surprise you. Utilizing a blend of meaningful and interesting reading material, early writing practice, speaking and explicit instruction, Carr disproves the media's insistence that American schools are typically ill-equipped to teach children from low-income neighborhoods. She describes her methods in great and practical detail, everything from getting the classroom ready for a new school year to developing strategies for shared reading to establishing a writing studio. Samples of student work plus narratives of how bilingual and English-only students rise to new challenges offer vivid illustrations of Carr's methods in action. Assessment practices for closely monitoring students' progress are outlined, as well as novel ways to implement and maintain diagnostic and student-kept literacy portfolios. As a practical text, *A Child Went Forth* presents a thorough and realistic portrayal of life in an equitable classroom. As an inspirational one, it celebrates the voices of young learners and presents a wonderful model for success.
