Money cannot buy happiness. Money is a must for our life. But it is not the thing that necessarily brings our happiness. Happiness is absolutely a Psychological thing. It is the name of a feeling. It means the contentment of the mind. He who is satisfied with what he gets and mind contents with his life is really happy. Happiness cannot be purchased with money. No doubt, money has got something to do with happiness but cannot give us happiness. So we see that the richest men in our society are not happy men. They lead a life burdened with care and anxieties and pass sleepless nights. On the other hand, there are a large number of poor men who are happy and enjoy a sound sleep. The man who is honest and virtuous, though not rich, does not suffer from the anguish of the soul. His conscience does not torment him. Hence, money cannot ensure happiness. It is only moral and spiritual development that gives us happiness.
