Sociopolitical Agenda for TESOL Teacher Education Peter De Costa,Özgehan Ustuk,2023-10-05 Teaching English to Speakers of Other Languages TESOL sits at the nexus of constant change which makes it vitally important for language teachers to engage in continuous development and keep abreast of the sociopolitical milieu in which they are embedded However most teacher education activities are often associated with what is perceived as best practices that are expected to be adopted often uncritically for classroom application and practice with the intention of training teachers to become technicians in their respective classrooms In reality TESOL practitioners often find themselves in situations that require them to be reflexive practitioners and to negotiate sites of political struggles and social injustice Given that a socially situated understanding of TESOL teacher education is often overlooked this volume highlights the sociopolitical dimensions of TESOL teacher education In Part 1 the authors introduce the theoretical underpinnings of the sociopolitical agenda proposed by this volume Building on these theories Part 2 realizes the proposed agenda by situating it within actual TESOL teacher education contexts that are characterized by power imbalances and neoliberally inflected educational injustices
