

## JANUARY ... DOES IT BRING YOU JOY?

- 1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5
- 2 In order to live their best lives, people are spreading themselves thinner and thinner with multiple streams of income. In the process we earn more but live less, we lose our focus of what is important.
- 3 With social media, keeping up with other Instagrammers are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

Bano,2024-05-14 When landlords always win and renters pay the price what can be done Housing means prosperity and security for some poverty precarity and sickness for others More people live in private rented accommodation than ever before and rents rise without apparent reason Homes are smaller every year and nearly 20 per cent of tenants live in hazardous conditions Homelessness is at a new high Yet the government s only solution is to promote homeownership Against Landlords shows that this crisis is not the product of happenstance or political incompetence Government policy has intentionally split British citizens into homeowners and renters two classes set on very different financial paths In the UK one out of every twenty one adults is a landlord and it is this group and those who aspire to join it represented by the political class In his radical new interpretation of the housing crisis lawyer Nick Bano explains how this environment set the conditions for the Grenfell Tower fire and how it means a life of anxiety for the nation s renters It is a problem that stretches far beyond London and one inherently racist in nature Building more housing is not the solution It is firstly a problem of the law Bano argues and reforms must sweep away the landlordism at the heart of the housing crisis and British political life
