**Teacher Education- National Education Policy 2020** Dr. Anviti Rawat, 2024-09-24 Teacher Education National Education Policy 2020 offers a comprehensive exploration of NEP 2020's vision for teacher education. Divided into five focused units, the book covers key reforms and initiatives aimed at enhancing teacher quality, promoting inclusive and holistic teaching practices, and establishing professional standards that recognize and reward excellence in the teaching profession. The book addresses topics such as the shift to multidisciplinary and experiential learning, continuous professional development, teacher autonomy, and strategies for integrating technology into teacher training. This book is a valuable resource for current and aspiring educators, education policymakers, and students in teacher training programs. It provides a clear and structured understanding of NEP 2020's initiatives, challenges, and long-term objectives, encouraging readers to engage with the future direction of teacher education in India. By emphasizing the importance of ethical values, inclusive approaches, and continuous growth, Teacher Education National Education Policy 2020 serves as both a guide and inspiration for teachers committed to making a lasting impact on students and society.

*The Challenges of the Digital Transformation in Education* Michael E. Auer, Thrasyvoulos Tsiatsos, 2019-03-15 This book offers the latest research and new perspectives on Interactive Collaborative Learning and Engineering Pedagogy. We are currently witnessing a significant transformation in education, and in order to face today's real-world challenges, higher education has to find innovative ways to quickly respond to these new needs. Addressing these aspects was the chief aim of the 21st International Conference on Interactive Collaborative Learning (ICL2018), which was held on Kos Island, Greece, from September 25 to 28, 2018. Since being founded in 1998, the conference has been devoted to new approaches in learning, with a special focus on collaborative learning. Today, the ICL conferences offer a forum for exchanging information on relevant trends and research results, as well as sharing practical experiences in learning and engineering pedagogy. This book includes papers in the fields of Collaborative Learning, Computer Aided Language Learning (CALL), Educational Virtual Environments, Engineering Pedagogy, Education Game-based Learning, K-12 and Pre-College Programs, Mobile Learning Environments, Applications. It will benefit a broad readership, including policymakers, educators, researchers in pedagogy and learning theory, school teachers, the learning industry, further education lecturers, etc.
