Business Communication, **Handbook of Key Global Financial Markets, Institutions, and Infrastructure**, 2012-12-17 Understanding twenty first century global financial integration requires a two part background The Handbook of Key Global Financial Markets Institutions and Infrastructure begins its description of how we created a financially intergrated world by first examining the history of financial globalization from Roman practices and Ottoman finance to Chinese standards the beginnings of corporate practices and the advent of efforts to safeguard financial stability It then describes the architecture itself by analyzing its parts such as markets institutions and infrastructure The contributions of sovereign funds auditing regulation loan markets property rights compensation practices Islamic finance and others to the global architecture are closely examined For those seeking substantial authoritative descriptions and summaries this volume will replace books journals and other information sources with a single easy to use reference work Substantial articles by top scholars sets this volume apart from other information sources Diverse international perspectives result in new opportunities for analysis and research Rapidly developing subjects will interest readers well into the future *Knowledge and Behavioral Beliefs Related to Vaccination Hesitancy Among Healthcare Workers* Aida Bianco, Divya S. Subramaniam, Dipti P. Subramaniam, Ruaa Al Juboori, 2025-01-13 The world continues to face multiple ongoing health challenges including outbreaks of vaccine preventable diseases It is well documented that vaccines are one of the safest most effective and cost effective tools available in the prevention and control of infectious diseases At present vaccines prevent 2 3 million deaths a year with a further 1 5 million that could be prevented if for instance factors such as global coverage of vaccinations improved However despite the evident convenience and availability of vaccine services in some locations across the globe vaccine uptake because of vaccine hesitancy remains an ongoing issue In line with this it is therefore crucial to address vaccine hesitancy specifically amongst healthcare workers who are one of the most significant driving forces in protecting and influencing public health Healthcare workers are one of the most trusted sources in providing credible and accurate information on vaccines to the public and as such can heavily influence vaccination decisions In addition healthcare workers

are in close contact with vulnerable patients including those who are immunocompromised or have underlying medical and health conditions Therefore ensuring a high vaccination uptake among healthcare workers is crucial in controlling the spread of infectious diseases and promoting vaccine safety amongst vulnerable populations to save lives and help to reduce the burden on public healthcare systems Technological Innovation Gregorio Martín de Castro,Miriam Delgado Verde,Pedro López Sáez,José Emilio Navas López,2010-05-13 Focusing on innovation management the authors explore the role of knowledge stocks or intellectual capital blocks such as human social technological organizational and regional capitals on technological innovation process typologies and firm performance absorptive capabilities and organizational learning
