Manual de Direito Penal Julio Fabbrini Mirabete, Renato N. Fabbrini, 2024-02-08. O Manual de Direito Penal de Julio Fabbrini Mirabete foi concebido pelo autor como obra destinada aos acadêmicos que pela primeira vez entram em contato com o Direito Penal e aos candidatos a concursos públicos em que essa matéria obrigatória. Embora se tenha adotado na estrutura do crime a teoria finalista da ação vencedora na doutrina e inspiradora das legislações modernas, segue a obra uma linha de exegese do direito positivo brasileiro. A 36ª edição da Parte Geral e a 37ª edição do Volume 2 e a 34ª edição do Volume 3 que compõem a Parte Especial publicadas agora pela Editora Foco resultam de uma integral revisão e atualização da obra encontrando-se em conformidade com o texto vigente do Código Penal observadas todas as leis que alteraram o Estatuto. Os livros estão atualizados também em face dos textos vigentes da Constituição Federal, da Lei de Execução Penal e do Código de Processo Penal, bem como de outros diplomas que contêm normas de natureza penal ou que geram reflexos sobre a vigência e interpretação de normas penais e processuais penais. As constantes alterações dos estatutos e a profusão de leis extravagantes nos últimos anos têm exigido especial atenção do estudante e do operador do Direito Penal. Com a preocupação de manter o leitor permanentemente atualizado, procedemos ao exame das inovações em suas relações com o Código Penal. Essas últimas edições dos três volumes do Manual de Direito Penal foram elaboradas com atenção também às mudanças de orientação verificadas nos últimos anos na jurisprudência pátria, principalmente do Supremo Tribunal Federal e do Superior Tribunal de Justiça a respeito de diversas questões de natureza penal e processual penal. Com o objetivo de propiciar maior fluidez de leitura, as referências jurisprudenciais constam de listagem organizada por capítulos inserida ao final do livro. Em notas de rodapé mantivemos as citações doutrinárias e os comentários considerados de interesse mais imediato para o leitor. Pedimos desde já desculpas pelas eventuais imperfeições do texto, aceitando-se com humildade as críticas que possam caber a este trabalho. Renato N. Fabbrini.
